(Unaudited)

1. DESCRIPTION OF BUSINESS

Basis of Presentation

The Churchill Downs Incorporated (the "Company", "we", "us", "our") financial statements are presented in conformity with the requirements of this Quarterly Report on Form 10-Q and consequently do not include all of the disclosures normally required by U.S. generally accepted accounting principles ("U.S. GAAP") or those normally made in our Annual Report on Form 10-K. The year-end Condensed Consolidated Balance Sheet data was derived from audited financial statements but does not include all disclosures required by U.S. GAAP.

The following information is unaudited. All per share amounts assume dilution unless otherwise noted. This report should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2016.

In the opinion of management, all adjustments necessary for a fair statement of this information have been made, and all such adjustments are of a normal, recurring nature.

Our critical accounting policies are revenue recognition, goodwill and indefinite intangible assets, property and equipment, and income taxes. Our significant accounting policies are more fully described in Note 2 to the Consolidated Financial Statements included in Item 8. "Financial Statements and Supplementary Data" of our Annual Report on Form 10-K for the year ended December 31, 2016.

Seasonality

Racing

Due to the seasonal nature of our live racing business, revenue and operating results for any interim quarter are generally not indicative of the revenues and operating results for the year and may not be comparable with results for the corresponding period of the previous year. Historically, we have had fewer live racing days during the first quarter of each year, and the majority of our live racing revenue occurs during the second quarter, with the running of the Kentucky Derby and the Kentucky Oaks. We conducted 57 live thoroughbred race days in the third quarter of 2017 and 60 live thoroughbred race days in the third quarter of 2016. For the nine months ended September 30, 2017, we conducted 176 live thoroughbred racing days, which compares to 175 live thoroughbred racing days during the nine months ended September 30, 2016.

Casinos

Revenue from our casino properties has a seasonal component and is typically higher during the first and second quarters.

TwinSpires

Due to the seasonal nature of the racing business, revenue and operating results for any interim quarter are generally not indicative of the revenues and operating results for the year and may not be comparable with results for the corresponding period of the previous year. Historically, our revenue is higher in the second quarter with the running of the Kentucky Derby and the Kentucky Oaks.

Big Fish Games

Revenue from our Big Fish Games, Inc. ("Big Fish Games") segment also has a seasonal component and is typically lower during the summer months.

2. RECENT ACCOUNTING PRONOUNCEMENTS

In May 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2017-09, Compensation - Stock Compensation: Scope of Modification Accounting. This new standard provides clarity about which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting for stock compensation expense. The guidance will become effective in 2018. We are assessing the impact of the new accounting guidance and currently cannot estimate the financial statement impact of adoption.

In January 2017, the FASB issued ASU No. 2017-04, Intangibles - Goodwill and Other: Simplifying the Test for Goodwill Impairment. This new guidance simplifies the accounting for goodwill impairments by removing step two from the goodwill impairment test. Instead, if the carrying amount of a reporting unit exceeds its fair value, an impairment loss shall be recognized in an amount equal to that excess. The new guidance is effective in 2020 with early adoption permitted for any goodwill impairment test performed between January 1, 2017 and January 1, 2020. We are currently evaluating the timing of adoption and impact of the new accounting guidance on our financial statements and related disclosures.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

In January 2017, the FASB issued ASU No. 2017-01, Business Combinations: Clarifying the Definition of a Business, in an effort to clarify the definition of a business with the objective of adding guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The guidance will become effective in 2018. We will assess the impact of the new accounting guidance as necessary for future transactions.

In November 2016, the FASB issued ASU No. 2016-18, Statement of Cash Flows: Restricted Cash. The new standard requires that the statement of cash flows explain the change during the period of cash, cash equivalents, and amounts generally described as restricted cash. Entities will also be required to reconcile to the balance sheet and disclose the nature of the restrictions. The guidance will become effective in 2018. While we are continuing to assess all potential impacts of the standard, we believe the most significant impact relates to the presentation of our statement of cash flows where we will be required to reconcile to total cash, cash equivalents, and restricted cash. Currently, our statement of cash flows reconciles to total cash and cash equivalents.

In August 2016, the FASB issued ASU No. 2016-15, Statement of Cash Flows: Classification of Certain Cash Receipts and Cash Payments. The new guidance is intended to reduce diversity in practice in how certain transactions are classified in the statement of cash flows. The guidance will become effective in 2018. We are assessing the impact of the new accounting guidance and currently cannot estimate the financial statement impact of adoption.

In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments - Credit Losses, which introduces a new model for recognizing credit losses on financial instruments based on an estimate of current expected credit losses. The new model will apply to: (1) loans, accounts receivable, trade receivables, and other financial assets measured at amortized cost, (2) loan commitments and certain other off-balance sheet credit exposures, (3) debt securities and other financial assets measured at fair value through other comprehensive income, and (4) beneficial interests in securitized financial assets. The guidance will become effective in 2020. We are assessing the impact of the new accounting guidance and currently cannot estimate the financial statement impact of adoption.

In February 2016, the FASB issued ASU No. 2016-02, Leases, which requires companies to generally recognize on the balance sheet operating and financing lease liabilities and corresponding right-of-use assets. ASU 2016-02 will be effective in our first quarter of fiscal 2019 on a modified retrospective basis and earlier adoption is permitted. We are currently evaluating the impact of our pending adoption of ASU 2016-02, and we currently expect that most of our operating lease commitments will be subject to the new standard and recognized as operating lease liabilities and right-of-use assets upon our adoption of ASU 2016-02.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, which provides a five-step analysis of transactions to determine when and how revenue is recognized. The core principle is that a company should recognize revenue in a manner that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The revised guidance will become effective in 2018 and will be applied retrospectively to each period presented or as a cumulative-effect adjustment as of the date of adoption. During 2016, the FASB issued ASU No. 2016-08, Revenue from Contracts with Customers: Principal versus Agent Considerations (Reporting Revenue Gross versus Net); ASU No. 2016-10, Revenue from Contracts with Customers: Identifying Performance Obligations and Licensing, and ASU No. 2016-12, Revenue from Contracts with Customers: Narrow-Scope Improvements and Practical Expedients; each of which clarified the guidance on certain items such as reporting revenue gross versus net and presentation of sales tax, among other things.

While we are continuing to assess all potential impacts of the new standard under ASU No. 2014-09, we have identified a few areas of impact at this time. The first area is significant and relates to our accounting for breakage revenue for our outstanding premium game club credits for Big Fish Games. Currently, we record breakage revenue for our outstanding premium game credits for Big Fish Games when the credits have legally expired. Under the new standard, we will be required to recognize the expected breakage related to our outstanding premium game club credits as revenue in proportion to the pattern of game club credits redeemed by our customers. The second area relates to our accounting for loyalty points under our various rewards programs which are earned by our customers at our casinos. Our accumulated loyalty points are redeemable for free complimentarys, including gaming play and food and beverage. The estimated liability for unredeemed points is currently accrued based on expected redemption rates and the estimated costs of the services or merchandise to be provided. Under the new standard, we will defer the standalone selling price of the complimentarys until the future revenue transaction occurs. Although the exact amount of the increase to our point liabilities has not yet been determined, we do not anticipate it will have a significant impact on our earnings. In addition to the impact on loyalty points at our casinos, the new standard will impact all gaming transactions that contain multiple performance obligations, such as certain benefits provided under our rewards programs. Specifically, we will defer revenue based on standalone selling prices and recognize the revenue as each of those performance obligations are fulfilled. We are continuing to assess the significance of this impact on our operations.

Due to the change in our accounting related to breakage revenue for Big Fish Games, we anticipate the standard under ASU No. 2014-09 may have a material impact on our consolidated financial statements. At this time, we expect to adopt this new standard using the modified retrospective method on January 1, 2018.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

3. ACQUISITIONS

On April 24, 2017, we completed the acquisition of certain assets of BAM Software and Services, LLC ("BetAmerica"), which has not had a material impact on our results of operations, financial condition or cash flows. The results of operations and financial condition of BetAmerica have been included in our Condensed Consolidated Financial Statements from the acquisition date. The pro forma financial information assuming the acquisition had occurred as of the beginning of the calendar year prior to the year of acquisition, as well as the revenues and earnings generated during the year of acquisition, were not material for disclosure purposes.

4. RECEIVABLE FROM ESCROW

On November 8, 2016, we established a \$14.0 million qualified intermediary trust with a portion of the proceeds from the sale of excess land at Calder Race Course ("Calder") that was used to purchase previously identified real property within six months post-closing. We utilized the entire escrow amount, resulting in a zero balance at September 30, 2017, compared to our \$13.6 million from the qualified intermediary trust at December 31, 2016.

5. INVESTMENTS IN AND ADVANCES TO UNCONSOLIDATED AFFILIATES

Ocean Downs

In August 2016, we signed a limited liability company operating agreement with Saratoga Casino Holdings LLC ("SCH"), with each entity having a 50% interest, and formed Old Bay Gaming and Racing LLC ("Old Bay"). The Old Bay agreement provides both the Company and SCH equal participating rights, and both entities must consent to Old Bay's operating, investing and financing decisions.

On January 3, 2017, Old Bay acquired all of the equity interests of Ocean Enterprise 589 LLC, Ocean Downs LLC and Racing Services LLC (collectively, "Ocean Downs"). The Company's portion of the initial equity investment in Ocean Downs was \$24.0 million. Ocean Downs, located near Ocean City, Maryland, owns and operates video lottery terminals ("VLT") at the Casino at Oceans Downs and conducts harness racing at Ocean Downs Racetrack. The Company's 25% interest in SCH provides an additional 12.5% interest, resulting in an effective 62.5% interest in Ocean Downs. Since both the Company and SCH have participating rights and both must consent to Old Bay's operating, investing and financing decisions, the Company accounts for Ocean Downs using the equity method of accounting.

Miami Valley Gaming

We have a 50% joint venture in Miami Valley Gaming ("MVG"), which has a harness racetrack and VLT gaming facility in Lebanon, Ohio, with Delaware North Companies Gaming & Entertainment Inc.

Summarized below is financial information for our MVG equity investment:

6. GOODWILL AND OTHER INTANGIBLE ASSETS

We performed our annual goodwill and indefinite-lived intangible impairment analysis for 2017 in accordance with ASU No. 2011-08, Intangibles-Goodwill and Other: Testing Goodwill for Impairment, and ASU No. 2012-02, Intangibles-Goodwill and Other: Testing Indefinite-Lived Intangible Assets for Impairment, as of March 31, 2017 and again as of April 1, 2017, and no adjustment to the carrying value of goodwill or indefinite-lived intangible assets was required. We assessed goodwill and indefinite-lived intangible assets by performing step one fair value calculations on a quantitative basis for each reporting unit and indefinite-lived intangible asset. We concluded that the fair values of our reporting units and indefinite-lived intangible assets exceeded their carrying value and therefore step two of the assessment was not required.

During 2017, the Company changed its annual goodwill and indefinite-lived impairment testing date from March 31 to April 1 of each year. As a result, the annual impairment tests were performed as of March 31, 2017 and April 1, 2017. The change was made to better align with our forecasting process and to provide the Company with additional time to complete its annual goodwill and indefinite-lived intangible impairment testing in advance of its quarterly reporting. The Company believes this change in measurement date, which represents a change in method of applying an accounting principle, is preferable under the circumstances. We believe the resulting change in accounting principle related to changing the annual impairment testing date will not delay, accelerate, or avoid an impairment charge.

7. INCOME TAXES

The Company's income tax rate for the three and nine months ended September 30, 2017 was higher than the U.S. federal statutory rate of 35.0% primarily due to state income taxes and certain expenses that are not deductible for the purposes of income taxes, partially offset by benefits from tax credits, the manufacturing deduction, and tax deductions from vesting of restricted stock units in excess of the book deductions.

The Company's income tax rate for the three months ended September 30, 2016 was higher than the U.S. federal statutory rate of 35.0% primarily due to state income taxes, certain expenses that are not deductible for the purposes of income taxes and a decrease to the manufacturing deduction, partially offset by benefits from tax credits. The Company's income tax rate for the nine months ended September 30, 2016 was higher than the U. S federal statutory rate of 35.0% primarily due to state income taxes and certain expenses that are not deductible for the purposes of income taxes, partially offset by benefits from tax credits, the manufacturing deduction, and a \$3.1 million tax benefit resulting from tax deductions from vesting restricted stock units in excess of the book deductions that were recognized upon our adoption of ASU 2016-09, Improvements to Employee Share-Based Payment Accounting.

8. FAIR VALUE OF ASSETS AND LIABILITIES

We endeavor to utilize the best available information in measuring fair value. Financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The following tables present our assets and liabilities measured at fair value on a recurring basis:

<i>(in millions)</i>	September 30, 2017	
	Level 1	Level 3
Cash equivalents and restricted cash	\$ 36.0	\$ —
Big Fish Games deferred payments	—	28.3

Total	\$ 34.1	\$ 95.7

The following table presents the change in fair value of our Level 3 liabilities:

<i>(in millions)</i>	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)		
	Big Fish Games Deferred Payments	Big Fish Games Earnout Liability	Total
Balances as of December 31, 2016	\$ 27.8	\$ 67.9	\$ 95.7
Payments	—	(34.2)	(34.2)
Change in fair value	0.5	0.2	0.7
Balances as of September 30, 2017	<u>\$ 28.3</u>	<u>\$ 33.9</u>	<u>\$ 62.2</u>

Our cash equivalents and restricted cash, which are held in interest-bearing accounts, qualify for Level 1 in the fair value hierarchy which includes unadjusted quoted market prices in active markets for identical assets.

We estimated the fair value of the Big Fish Games deferred payment and earnout liability as of September 30, 2017 using a discounted cash flows analysis over the period in which the obligation is expected to be settled, and applied a discount rate of 2.7% based on our cost of debt. The cost of debt was based on the observed market yields of our \$600.0 million, 5.375% Senior Unsecured Notes ("Senior Unsecured Notes"), a Level 3 fair value measurement, and was adjusted for the difference in seniority and term of the deferred payments and earnout liability. The increase in fair values of the Big Fish Games deferred payments and earnout liability of \$0.7 million during the nine months ended September 30, 2017 was recorded as acquisition-related charges in the Condensed Consolidated Statements of Comprehensive Income. During 2015, Big Fish Games achieved its earnout milestones, and we have made earnout payments of \$34.2 million in March 2017 and \$281.6 million in March 2016.

We currently have no other assets or liabilities subject to fair value measurement on a recurring basis. Our Senior Unsecured Notes are disclosed at fair value which is based on unadjusted quoted prices for similar liabilities in markets that are not active. The Level 3 fair value of the Senior Unsecured Notes was \$620.3 million at September 30, 2017 and \$622.5 million at December 31, 2016.

The following methods and assumptions were used in estimating our fair value disclosures for financial instruments:

Cash Equivalents—The carrying amount reported in the balance sheet for cash equivalents approximates our fair value due to the short-term maturity of these instruments.

Long-Term Debt: Fourth Amended and Restated Credit Agreement ("Senior Secured Credit Facility")—The carrying amounts of the borrowings under the Senior Secured Credit Facility approximate fair value, based upon current interest rates and represent a Level 2 fair value measurement.

We did not measure any assets at fair value on a non-recurring basis for 2017 or 2016.

9. SHAREHOLDERS' EQUITY

On April 25, 2017, the Board of Directors of the Company approved a new common stock repurchase program of up to \$250.0 million. The new program replaced the prior \$150.0 million program that was authorized in February 2016 and had unused authorization of \$114.6 million. The new authorized amount included and was not in addition to any unspent amount remaining under the prior authorization. Repurchases may be made at management's discretion from time to time on the open market (either with or without a 10b5-1 plan) or through privately negotiated transactions. Share repurchases result in the shares being retired, and the cost of the shares acquired are treated as a reduction from common stock and retained earnings. The repurchase program has no time limit and may be suspended or discontinued at any time.

On June 9, 2017, we entered into an agreement with an affiliate of The Duchossois Group, Inc. ("TDG"), a related party, to repurchase 1,000,000 shares of the Company's common stock for \$158.78 per share in a privately negotiated transaction. The aggregate purchase price was \$158.8 million.

For the nine months ended September 30, 2017, including the repurchase of 1,000,000 shares from TDG, we have repurchased 1,077,029 shares of our common stock under the April 2017 stock repurchase program at a total cost of \$171.7 million. We had approximately \$78.3 million of repurchase authority remaining under this program at September 30, 2017.

During the nine months ended September 30, 2017, we also repurchased 53,721 shares of our common stock in conjunction with the February 2016 stock repurchase program at a total cost of \$7.8 million.

10. STOCK-BASED COMPENSATION PLANS

The 2016 Incentive Plan and the 2007 Incentive Plan (collectively "the 2016 and 2007 Plans") permit the award of restricted shares or restricted stock units to directors and key employees, including our officers who are from time to time responsible for the management, growth and protection of our business. Restricted shares granted under the 2016 and 2007 Plans generally vest either in full upon three years from the date of grant, on a pro-rata basis over a three year term or upon retirement at or after age 60. The fair value of restricted shares that vest solely based on continued service under the 2016 and 2007 Plans is determined by the product of the number of shares granted and the grant date market price of our common stock.

On September 22, 2015, the Board of Directors approved the adoption of the Executive Long-Term Incentive Compensation Plan (the "ELTI Plan"), pursuant to which certain named executive officers ("NEOs") and other key executives ("Grantees") may earn variable equity payouts based upon us achieving certain key performance metrics over a specified period. The ELTI Plan was adopted pursuant to 2016 and 2007 Plans, which were previously approved by our shareholders.

2017 Awards

On February 17, 2017, certain NEOs and Grantees received the following:

- 25,119 restricted stock units to NEOs vesting equally over three service periods ending December 31, 2017, December 31, 2018 and December 31, 2019;
- 28,467 performance share units ("PSU") to NEOs with vesting contingent on financial performance measures at the end of a 34-month performance period ending December 31, 2019; and
- 61,530 restricted stock shares to Grantees vesting equally over three service periods ending February 17, 2018, February 17, 2019 and February 17, 2020.

The performance criteria for the 2017 PSU awards are a cumulative Adjusted EBITDA target that was set at the beginning of the plan performance period for the entire three year period, and a cash flow metric that is the aggregate of the cash flow targets for the three individual years that is set annually at the beginning of each year. The cash flow metric is defined as cash flow from operating activities plus distributions of capital from equity investments less capital maintenance expenditures. The Compensation Committee can make adjustments as it may deem appropriate to these metrics. Measurement against these criteria will be determined against a payout curve which provides up to 200% of performance share units based on the original award.

The performance criteria also includes a relative total shareholder return ("TSR") component. Our TSR will be ranked versus the companies in the Russell 2000 index and will be calculated based on our relative placement within the Russell 2000 index. The PSU awards may be adjusted based on the Company's TSR, by increasing the PSU awards by 25% if the Company's TSR is in the top quartile, decreasing the PSU awards by 25% if the Company's TSR is in the bottom quartile, and providing no change to the PSU awards if the Company's TSR is in the middle two quartiles.

The total compensation cost we will recognize under the PSUs will be determined using the Monte Carlo valuation methodology and will be based upon an equal performance weighting for the two financial measures and then adjusted based on the Company's TSR performance within the Russell 2000 index. The maximum number of PSUs that can be earned for a performance period is 250% of the original award.

We recognized stock-based compensation expense of \$5.8 million for the three months ended September 30, 2017 and \$17.5 million for the nine months ended September 30, 2017. We recognized stock-based compensation expense of \$4.8 million for the three months ended September 30, 2016 and \$14.3 million for the nine months ended September 30, 2016.

11. CONTINGENCIES

We are involved in litigation arising in the ordinary course of conducting business. We carry insurance for workers' compensation claims from our employees and general liability for claims from independent contractors, customers and guests. We are self-insured up to an aggregate stop loss for our general liability and workers' compensation coverages.

We review all litigation on an ongoing basis when making accrual and disclosure decisions. For certain legal proceedings, we cannot reasonably estimate losses or a range of loss, if any, particularly for proceedings that are in the early stages of development or where the plaintiffs seek indeterminate damages. Various factors, including, but not limited to, the outcome of potentially lengthy discovery and the resolution of important factual questions, may need to be determined before probability can be established or before a loss or range of loss can be reasonably estimated. In accordance with current accounting standards for loss contingencies and based upon information currently known to us, we establish reserves for litigation when it is probable that a loss associated with a claim or proceeding has been incurred and the amount of the loss or range of loss can be reasonably estimated. When no amount within the range of loss is a better estimate than any other amount, we accrue the minimum amount of the estimable loss. To the extent that such litigation against us may have an exposure to a loss in excess of the amount we have accrued, we believe

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

that such excess would not be material to our consolidated financial condition, results of operations, or cash flows. Legal fees are expensed as incurred.

If the loss contingency in question is not both probable and reasonably estimable, we do not establish an accrual and the matter will continue to be monitored for any developments that would make the loss contingency both probable and reasonably estimable. In the event that a legal proceeding results in a substantial judgment against, or settlement by us, there can be no assurance that any resulting liability or financial commitment would not have a material adverse impact on our business.

13. SEGMENT INFORMATION

We manage our operations through six operating segments:

- Racing, which includes Churchill Downs Racetrack ("Churchill Downs"), Arlington International Race Course ("Arlington"), Fair Grounds Race Course ("Fair Grounds") and Calder;
- Casinos, which includes Oxford Casino ("Oxford"), Riverwalk Casino ("Riverwalk"), Harlow's Casino ("Harlow's"), Calder Casino, Fair Grounds Slots, Video Services, LLC ("VSI"), 50% of EBITDA from our joint venture, MVG, 50% equity investment in Ocean Downs and 25% of EBITDA from our equity investment, SCH, which includes investments in Saratoga Casino Hotel, Saratoga Casino Black Hawk and Ocean Downs;
- TwinSpires, which includes TwinSpires.com, Fair Grounds Account Wagering, Velocity, BetAmerica, Bloodstock Research Information Services, BluffMedia and Churchill Downs Interactive Gaming;
- Big Fish Games, which is a global producer and distributor of social casino, casual and mid-core free-to-play, and premium paid games for PC, Mac and mobile devices;
- Other Investments, which includes United Tote and other minor investments; and
- Corporate, which includes miscellaneous and other revenue, compensation expense, professional fees and other general and administrative expense not allocated to our other operating segments.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Eliminations include the elimination of intersegment transactions. We utilize non-GAAP measures, including EBITDA (earnings before interest, taxes, depreciation and amortization) and Adjusted EBITDA. Our chief operating decision maker utilizes Adjusted EBITDA to evaluate segment performance, develop strategy and allocate resources. Adjusted EBITDA includes the following adjustments:

Adjusted EBITDA includes our portion of the EBITDA from our equity investments.

Adjusted EBITDA excludes:

- Acquisition expense, net which includes:
 - Acquisition-related charges, including fair value adjustments related to earnouts and deferred payments; and
 - Transaction expense, including legal, accounting, and other deal-related expense;
- Stock-based compensation expense;
- Gain on Calder land sale;
- Calder exit costs; and
- Other charges and recoveries.

During the fourth quarter of 2016, we updated our definition of Adjusted EBITDA to exclude changes in Big Fish Games deferred revenue. Effective January 1, 2017, certain revenue previously included in our Corporate segment was deemed by management to be more closely aligned with our TwinSpires segment. The prior year amounts were reclassified to conform to this presentation.

We utilize the Adjusted EBITDA metric because we believe the inclusion or exclusion of certain non-recurring items is necessary to provide a more accurate measure of our core operating results and enables management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Adjusted EBITDA should not be considered as an alternative to operating income as an indicator of performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure provided in accordance with U.S. GAAP. Our calculation of Adjusted EBITDA may be different from the calculation used by other companies and, therefore, comparability may be limited. For segment reporting, Adjusted EBITDA includes intercompany revenue and expense totals that are eliminated in the accompanying Consolidated Statements of Comprehensive Income.

The tables below present net revenue from external customers and intercompany revenue from each of our operating segments, Adjusted EBITDA by segment and reconciles Comprehensive Income to Adjusted EBITDA:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Information set forth in this discussion and analysis contains various "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. The Private Securities Litigation Reform Act of 1995 (the "Act") provides certain "safe harbor" provisions for forward-looking statements. All forward-looking statements made in this Quarterly Report on Form 10-Q are made pursuant to the Act. The reader is cautioned that such forward-looking statements are based on information available at the time and/or management's good faith belief with respect to future events, and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the statements. Forward-looking statements speak only as of the date the statement was made. We assume no obligation to update forward-looking information to reflect actual results, changes in assumptions or changes in other factors affecting forward-looking information. Forward-looking statements are typically identified by the use of terms such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "might," "plan," "predict," "project," "seek," "should," "will," and similar words, although some forward-looking statements are expressed differently.

Although we believe that the expectations reflected in such forward-looking statements are reasonable, we can give no assurance that such expectations will prove to be correct. Important factors that could cause actual results to differ materially from expectations include the following: the effect of economic conditions on our consumers' confidence and discretionary spending or our access to credit; additional or increased taxes and fees; public perceptions or lack of confidence in the integrity of our business; loss of key or highly skilled personnel; restrictions in our debt facilities limiting our flexibility to operate our business; general risks related to real estate ownership, including fluctuations in market values and environmental regulations; catastrophic events and system failures disrupting our operations, including the impact of natural and other disasters on our operations and our ability to obtain insurance recoveries in respect of such losses; inability to identify and complete acquisition, expansion or divestiture projects on time, on budget or as planned; difficulty in integrating recent or future acquisitions into our operations; legalization of online real money gaming in the United States, and our ability to capitalize on and predict such legalization; inability to respond to rapid technological changes in a timely manner; inadvertent infringement of the intellectual property of others; inability to protect our own intellectual property rights; security breaches and other security risks related to our technology, personal information, source code and other proprietary information, including failure to comply with regulations and other legal obligations relating to receiving, processing, storing and using personal information; payment-related risks, such as chargebacks for fraudulent credit card use; compliance with the Foreign Corrupt Practices Act or applicable money-laundering regulations; work stoppages and labor issues; difficulty in attracting a sufficient number of horses and trainers for full field horseraces; inability to negotiate agreements with industry constituents, including horsemen and other racetracks; personal injury litigation related to injuries occurring at our racetracks; the inability of our totalisator company, United Tote, to maintain its processes accurately, keep its technology current or maintain its significant customers; weather conditions affecting our ability to conduct live racing; increased competition in the horseracing business; changes in the regulatory environment of our racing operations; declining popularity in horseracing; seasonal fluctuations in our horseracing business due to geographic concentration of our operations; increased competition in our casino business; changes in regulatory environment of our casino business; development and expansion of casinos is costly and susceptible to delays, cost overruns and other uncertainties; concentration and evolution of slot machine manufacturing and other technology conditions that could impose additional costs; impact of further legislation prohibiting tobacco smoking; geographic concentration of our casino business; changes in regulatory environment for our advanced deposit wagering business; increase in competition in the advanced deposit wagering business; inability to retain current customers or attract new customers to our advanced deposit wagering business; uncertainty and changes in the legal landscape relating to our advanced deposit wagering business; failure to comply with laws requiring us to block access to certain individuals could result in penalties or impairment in our ability to offer advanced deposit wagering; operating in an evolving and highly competitive market related to Big Fish Games; inability to maintain relationships with third party mobile platforms related to Big Fish Games; failure to develop and publish mobile games that achieve market acceptance; inability to secure new or ongoing content from third party development partners on favorable terms; programming errors or flaws or other technical difficulties, diminishing our customers' experience; "cheating" programs, scam offers, black-markets and other actions by third parties that seek to exploit our games and players may affect our reputation and harm our operating results; slower than expected growth in use of smartphone and tablet devices to facilitate game platforms; and financial volatility quarter-to-quarter relating to Big Fish Games.

The following information is unaudited. Tabular dollars are in millions, except per share amounts. All per share amounts assume dilution unless otherwise noted. This report should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2016, including Part I – Item 1A, "Risk Factors" of our Form 10-K for a discussion regarding some of the reasons that actual results may be materially different from those we anticipate.

Our Business

Executive Overview

We are an industry-leading racing, gaming and online entertainment company anchored by our iconic flagship event - *The Kentucky Derby*. We are a leader in brick-and-mortar casino gaming with approximately 9,910 gaming positions in eight states, and we are the largest, legal online account wagering platform for horseracing in the U.S. We are also one of the world's largest producers and distributors of mobile games. We were organized as a Kentucky corporation in 1928, and our principal executive offices are located in Louisville, Kentucky.

Our management monitors a variety of key indicators to evaluate our business results and financial condition. These indicators include changes in net revenue, operating expense, operating income, earnings per share, outstanding debt balance, operating cash flow and capital spend.

Our condensed consolidated financial statements have been prepared in conformity with U.S. generally accepted accounting principles ("U.S. GAAP"). We also use non-GAAP measures, including EBITDA (earnings before interest, taxes, depreciation and amortization) and Adjusted EBITDA. We believe that the use of Adjusted EBITDA as a key performance measure of results of operations enables management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Our chief operating decision maker utilizes Adjusted EBITDA to evaluate segment performance, develop strategy and allocate resources. Adjusted EBITDA is a supplemental measure of our performance that is not required by, or presented in accordance with, U.S. GAAP. Adjusted EBITDA should not be considered as an alternative to, or more meaningful than, net income (as determined in accordance with U.S. GAAP) as a measure of our operating results.

During the fourth quarter of 2016, we updated our definition of Adjusted EBITDA to exclude changes in Big Fish Games deferred revenue. Effective January 1, 2017, certain revenue previously included in our Corporate segment was deemed by management to be more closely aligned with our TwinSpire segment. The prior year amounts were reclassified to conform to this presentation.

Adjusted EBITDA is defined as earnings before interest, taxes, depreciation and amortization, adjusted for the following:

Adjusted EBITDA includes our portion of the EBITDA from our equity investments.

Adjusted EBITDA excludes:

- Acquisition expense, net which includes:
 - Acquisition-related charges, including fair value adjustments related to earnouts and deferred payments; and
 - Transaction expense, including legal, accounting and other deal-related expense;
- Stock-based compensation expense;
- Gain on Calder land sale;
- Calder exit costs; and
- Other charges and recoveries.

For segment reporting, Adjusted EBITDA includes intercompany revenue and expense totals that are eliminated in the accompanying Condensed Consolidated Statements of Comprehensive Income. Refer to the Reconciliation of Comprehensive Income to Adjusted EBITDA included in this section for additional information.

Our Operations

We manage our operations through six operating segments: Racing, Casinos, TwinSpire, Big Fish Games, Other Investments and Corporate.

Racing Segment

Our Racing segment includes our four racetracks: Churchill Downs Racetrack ("Churchill Downs"), Arlington International Race Course ("Arlington"), Fair Grounds Race Course ("Fair Grounds") and Calder Race Course ("Calder"). We conduct live horseracing at Churchill Downs, Arlington and Fair Grounds. On July 1, 2014, we entered into a racing services agreement with The Stronach Group ("TSG") to allow Gulfstream Park to manage and operate Calder through December 31, 2020. We conducted 57 live thoroughbred race days in the third quarter of 2017 and 60 live thoroughbred race days in the third quarter of 2016. For the nine months ended September 30, 2017, we conducted 176 live thoroughbred racing days, which compares to 175 live thoroughbred racing days during the nine months ended September 30, 2016.

Casinos Segment

We are also a provider of brick-and-mortar real-money casino gaming with approximately 9,910 gaming positions located in eight states. We own five casinos: Oxford Casino ("Oxford"), Riverwalk Casino ("Riverwalk"), Harlow's Casino ("Harlow's"), Calder

Casino, and Fair Grounds Slots, in addition to two hotels (Riverwalk and Harlow's). We expect the Oxford hotel to open in mid-November 2017. We also own Video Services, LLC ("VSI") associated with our Fair Grounds property. In addition, we have a 50% equity investment in Miami Valley Gaming ("MVG"), a 25% equity investment in Saratoga Casino Holdings LLC ("SCH") and an effective 62.5% equity investment in Ocean Downs. Our casino revenue is primarily generated from slot machines, video poker and table games while ancillary revenue includes hotel and food and beverage sales.

TwinSpires Segment

Our TwinSpires segment includes TwinSpires.com, Fair Grounds Account Wagering ("FAW"), Velocity, Churchill Downs Interactive Gaming, Bluff Media and Bloodstock Research Information Services. On April 24, 2017, we completed the acquisition of certain assets of BAM Software and Services, LLC ("BetAmerica"), which is included in our TwinSpires segment.

Big Fish Games Segment

Big Fish Games, Inc. ("Big Fish Games") is a global producer and distributor of social casino, casual and mid-core free-to-play, and premium paid games for PC, Mac and mobile devices.

Other Investments Segment

Our Other Investments Segment includes United Tote and our other minor investments.

In June 2017, we announced Churchill Downs is investing approximately \$60.0 million to construct an 85,000 square-foot, state-of-the-art historical racing machine facility in Louisville, Kentucky.

In September 2017, we announced a partnership with Keeneland Association, Inc. to propose the construction of two new racing facilities to be located in Corbin, Kentucky and Oak Grove, Kentucky. The proposed facilities will feature live horse racing and historical racing machines.

Corporate Segment

Our Corporate segment includes miscellaneous and other revenue, compensation expense, professional fees and other general and administrative expense not allocated to our other operating segments.

Government Regulations and Potential Legislative Changes

We are subject to various federal, state and international laws and regulations that affect our businesses. The ownership, operation and management of our racing operations, our casino operations, TwinSpires and Big Fish Games are subject to regulation under the laws and regulations of each of the jurisdictions in which we operate. The ownership, operation and management of our segments are also subject to legislative actions at both the federal and state level. The following update on 2017 regulatory and legislative activities should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2016, including Part I - Item 1, "Business," for a discussion of regulatory and legislative issues.

Federal Regulations

In September 2017, the U.S. Treasury Department and the Internal Revenue Service ("IRS") announced modernized regulations regarding withholding and reporting of pari-mutuel proceeds. Specifically, under the new regulations, when determining an amount to be reported or withheld for taxes, the IRS will consider a bettor's entire investment in a single pari-mutuel pool instead of only the amount wagered on a winning result. The regulations will go into full effect no later than November 14, 2017. Advance deposit wagering operators, tote companies and racetracks will have 45 days to implement the new regulations after the effective date, with early implementation permitted. We believe the new regulations will have a positive impact on our business.

Specific State Casino Regulations and Potential Legislative Changes

Maryland

In April 2017, Maryland's Governor signed a law allowing casinos in Allegany and Worcester counties to qualify for a 10% gaming tax reduction on slot machine revenue effective July 1, 2017. In order to qualify for the gaming tax reduction, casinos must purchase or acquire the right to lease all of their video lottery terminals ("VLT") prior to January 1, 2019. As of August 1, 2017, we purchased or acquired the right to lease all of our VLTs and have realized an effective 10% gaming tax reduction from August 1, 2017 forward under this new law.

Under pre-April 2017 Maryland law, Ocean Downs would be required to spend \$1.5 million on racing-related capital maintenance and expenditures in order to qualify for a matching grant from the state. In April 2017, legislation was signed into law to lower the minimum threshold to qualify for matching state funds to \$0.3 million. We believe the legislation will have a positive impact on our business.

Also in April 2017, legislation was signed into law to allow a VLT licensee to reduce the following day's proceeds for the amount of money returned to players that exceeds the amount bet through VLT's or table games on a given day, thereby reducing the taxes owed by the VLT licensee. We believe the legislation will have a positive impact on our business.

New York

In June 2017, the New York legislature passed a bill that will allow Saratoga Casino Hotel to be eligible to use up to 4% of net winnings for capital improvement projects at the facility. The money must be used solely for capital projects that will improve the facility and attract customers. The capital projects must be approved by the lottery and the gaming commission. The bill was signed by the Governor and we believe it will have a positive material impact on our business.

Specific State TwinSpires Regulations and Potential Legislative Changes

Pennsylvania

On October 30, 2017, the Governor signed legislation (gaming bill HB 271) that will expand gaming in the state. Under the terms of the legislation, previous statutory language which provided each Pennsylvania racetrack a local monopoly over all telephone or Internet wagers on horse racing from Pennsylvania residents located within a 35 mile radius of such racetrack was removed. The legislation also lowered the initial license fee for ADW operators from \$500,000 to \$50,000 and lowered the annual ongoing license fee from \$100,000 to \$10,000.

The legislation also authorized interactive gaming. Under the terms of the legislation, Category 1, 2 and 3 casino licensees qualify for an interactive gaming license. Three categories of interactive gaming licenses are available: poker, slot and table games. Each casino licensee has the opportunity to receive any or all of the three categories of licenses for an initial period of five years. If a casino licensee applies for an interactive gaming license within the first ninety days, the casino must apply for all three categories of licenses for a total fee of \$10 million. If a casino applies during the ninety to one hundred and twenty day time period, the casino may apply for one or more categories of licenses for a fee of \$4 million each. If at the end of the one hundred and twenty day period, there are remaining interactive gaming licenses, a qualified gaming entity licensed in any jurisdiction may apply for one or more of the available licenses. A tax rate of 52% of gross interactive gaming revenue ("GIGR") on slots and 14% of GIGR on poker and table games is established. There is an additional 2% tax of daily GIGR for local revenue share payments.

We believe this legislation may have a positive impact on business operations.

Consolidated Financial Results

Three Months Ended September 30, 2017, Compared to Three Months Ended September 30, 2016

- Our net revenue increased \$11.4 million driven by a \$10.8 million increase from TwinSpires due to a 23.9% increase in active players and 20.6% increase in handle, a \$4.5 million increase from Casinos primarily from successful marketing and promotional activities, and a \$0.5 million combined increase from Racing and Other Investments. Partially offsetting the increases was a \$4.4 million decrease from Big Fish Games primarily due to a decline in casual and mid-core free-to-play games.
- Our operating income increased \$6.2 million driven by a \$5.2 million increase from Casinos primarily driven by the increase in net revenue from successful marketing and promotional activities, a \$4.8 million increase from TwinSpires due to the increase in active players and increase in handle, a \$1.0 million increase in Racing driven by the successful Arlington meet and a \$0.3 million increase from other sources. Partially offsetting these increases was a \$5.1 million decrease from Big Fish Games primarily driven by a decline in net revenue and increase in user acquisition expense.
- Our net income increased \$8.0 million driven by a \$6.2 million increase in operating income, a \$4.0 million increase in income from our equity investments, and a \$0.1 million increase from other sources. Partially offsetting these increases were a \$1.5 million increase in interest expense associated with higher outstanding debt balances and a \$0.8 million increase in other expense related to unfavorable foreign exchange rates at Big Fish Games.
- Our Adjusted EBITDA increased \$4.9 million driven by a \$9.1 million increase from Casinos primarily due to our unconsolidated investments and organic growth at certain properties, a \$4.1 million increase at TwinSpires driven by the increase in active players and increase in handle, a \$1.3 million increase in Racing driven by favorable insurance reserve

adjustments at Fairgrounds and successful Arlington meet, and a \$0.6 million increase from other sources. Partially offsetting these increases was a \$10.2 million decrease from Big Fish Games resulting from an increase in user acquisition expense and an increase in operating expenses.

Nine Months Ended September 30, 2017, Compared to Nine Months Ended September 30, 2016

- Our net revenue increased \$15.9 million driven by a \$25.3 million increase from TwinSpires due to a 34.5% increase in active players and 16.4% increase in handle, a \$9.4 million increase from Casinos due to successful marketing and promotional activities, a \$7.2 million increase in Racing primarily due to a strong Kentucky Derby and Oaks week performance, and a \$1.1 million increase from Other Investments. Partially offsetting these increases was a \$27.1 million decrease from Big Fish Games primarily due to the decline in casual and mid-core free-to-play games.
- Our operating income increased \$29.5 million driven by a \$10.9 million increase from Big Fish Games primarily from a decrease in user acquisition expense, a \$7.5 million increase in TwinSpires driven by the increase in active players and increase in handle, a \$6.7 million increase from Casinos due to organic growth at certain properties, a \$3.2 million decrease in acquisition expense driven by non-cash fair value adjustments related to the liabilities for the Big Fish Games earnout and deferred payments to the founders, a \$2.9 million increase in Racing due to a strong Kentucky Derby and Oaks week performance, and a \$1.6 million decrease in Calder exit costs. Partially offsetting these expenses were a \$2.3 million increase in selling, general and administrative expense primarily driven by stock-based compensation, a \$0.6 million increase in research and development expense and a \$0.4 million increase from other sources.
- Our net income increased \$21.0 million driven by a \$29.5 million increase in operating income and a \$9.2 million increase in income from our equity investments. Partially offsetting these increases were a \$14.0 million increase in our income tax provision primarily from higher income from our segments and unconsolidated investments, a \$3.2 million increase in interest expense associated with higher outstanding debt balances and \$0.5 million of other expense related to unfavorable foreign exchange rates at Big Fish Games.
- Our Adjusted EBITDA increased \$28.3 million driven by a \$14.3 million increase in Casinos due to our unconsolidated investments and organic growth at certain properties, a \$6.4 million increase from Racing driven by a strong Kentucky Derby and Oaks week performance, a \$5.7 million increase from TwinSpires due to an increase in active players and increase in handle, a \$1.7 million increase from Big Fish Games primarily due to a decrease in user acquisition expense, and \$0.2 million from other sources.

Three Months Ended September 30, 2017, Compared to Three Months Ended September 30, 2016

- Racing revenue increased \$0.6 million driven by a \$1.3 million increase at Arlington primarily from an increase in handle and admissions. Partially offsetting this increase was a \$0.7 million decrease primarily due to one less live thoroughbred race day at Churchill Downs during the third quarter of 2017 compared to 2016.
- Casino revenue increased \$4.5 million driven by a \$1.6 million increase at Riverwalk, a \$0.8 million increase at Oxford, a \$0.7 million increase at VSI, and a \$0.6 million increase at Harlow's, all of which resulted from successful marketing and promotional activities, as well as a \$0.8 million increase from our other Casino properties combined.
- TwinSpires revenue increased \$10.6 million primarily due to a 23.9% increase in active players and handle growth of 20.6%, which outpaced the U.S. thoroughbred industry performance by 16.9 percentage points.
- Big Fish Games revenue decreased \$4.4 million primarily driven by a \$10.0 million decrease in casual and mid-core free-to-play revenue due to the significant decrease in user acquisition spending on casual free-to-play games beginning in July 2016 and a \$3.5 million decrease in premium game revenue. Partially offsetting these decreases was a \$9.1 million increase in social casino driven by strong growth in *Big Fish Casino* and *Jackpot Magic Slots*.

Nine Months Ended September 30, 2017, Compared to Nine Months Ended September 30, 2016

- Racing revenue increased \$9.2 million driven by an \$8.4 million increase at Churchill Downs primarily from a successful Kentucky Derby and Oaks week performance and a \$2.3 million increase at Arlington driven by an increase in handle and admissions. Partially offsetting these increases were a \$1.4 million decrease in Fair Grounds revenue primarily driven from the impact of a contagious equine disease outbreak which quarantined horses causing limited field sizes in the first quarter of 2017 and a \$0.1 million decrease from other sources.

- Casino revenue increased \$9.4 million driven by a \$3.8 million increase in Oxford, a \$2.8 million increase at Calder, a \$1.7 million increase at Harlow's, a \$0.9 million increase at VSI, and a \$0.2 million increase from other sources, all of which resulted from successful marketing and promotional activities.
- TwinSpires revenue increased \$25.1 million primarily due to a 34.5% increase in active players and handle growth of 16.4%.
- Big Fish Games revenue decreased \$27.1 million primarily driven by a \$27.2 million decrease in casual and mid-core free-to-play revenue due to the significant decrease in user acquisition spending on casual free-to-play games beginning in July 2016 and a \$10.7 million decrease in premium games revenue. Partially offsetting these decreases was a \$10.8 million increase in social casino revenue driven by strong growth in *Big Fish Casino* and *Jackpot Magic Slots*.
- Other Investments revenue increased \$1.8 million due to increased equipment sales and higher totalisator fees from new customers at United Tote.

Casinos Activity

Certain key operating statistics specific to the gaming industry are included in our statistical data for our Casinos segment. Our slot facilities report slot handle as a volume measurement, defined as the gross amount wagered or cash and tickets placed into slot machines in the aggregate for the period cited. Net gaming revenue includes slot and table games revenue and is net of customer freeplay; however, it excludes other ancillary property revenue such as food and beverage, ATM, hotel and other miscellaneous revenue.

Three Months Ended September 30, 2017, Compared to Three Months Ended September 30, 2016

Significant items affecting comparability of consolidated operating expense include:

- Taxes and purses increased \$1.3 million driven by a \$0.7 million increase in taxes for our Casinos associated with an increase in slot handle, a \$0.5 million increase in pari-mutuel taxes for TwinSpires due to the increase in handle and a \$0.1 increase from other sources.
- Platform and development fees at Big Fish Games decreased \$3.1 million driven by the decrease in revenues.
- Marketing and advertising expense increased \$5.6 million driven primarily by the increase in Big Fish Games user acquisition expense.
- Salaries and benefits expense increased \$0.9 million driven by additional personnel costs and related benefits.
- Content expense increased \$4.3 million driven by the 23.9% increase in active players and 20.6% handle growth at TwinSpires.
- Selling, general and administrative expense decreased \$0.8 million primarily related to a \$2.5 million 2016 expense associated with potential federal tax penalties from untimely submission of informational returns which did not recur in 2017. Partially offsetting this decrease were a \$0.9 million increase stock-based compensation expense and a \$0.8 million increase from other sources.
- Depreciation and amortization expense decreased \$3.5 million driven primarily by a decrease at Big Fish Games associated with fully amortized intangible assets.
- Research and development expense increased \$0.9 million driven by an increase in headcount to support the portfolio of games offered by Big Fish Games.

Nine Months Ended September 30, 2017, Compared to Nine Months Ended September 30, 2016

Significant items affecting comparability of consolidated operating expense include:

- Taxes and purses increased \$7.5 million due to a \$2.8 million increase in pari-mutuel taxes at TwinSpires due to the 34.5% increase in active players, 16.4% handle growth and a \$1.7 million increase due to the 2016 Pennsylvania tax refund which did not recur, a \$2.7 million increase in taxes for our Casinos from our slot handle growth, and a \$2.0 million increase in purses primarily driven by Churchill Downs and Arlington.
- Platform and development fees at Big Fish Games decreased \$11.2 million driven by a decrease in revenues.

- Marketing and advertising expense decreased \$20.7 million driven primarily by a \$21.8 million decrease in Big Fish Games user acquisition expense and a \$0.4 million decrease from other sources. These decreases were partially offset by a \$1.5 million increase in TwinSpires marketing for Kentucky Derby and Oaks week.
- Salaries and benefits expense increased \$6.2 million primarily driven by \$3.7 million increase in additional personnel cost and a \$2.5 million increase in health insurance expense across all segments.
- Content expense increased \$10.9 million driven by the 34.5% increase in active players and 16.4% in handle growth.
- Selling, general and administrative expense increased \$2.3 million driven primarily by a \$3.2 million increase in stock-based compensation expense, a \$1.5 million increase in bonus incentives and a \$0.1 million increase from other sources. These increases were partially offset by a \$2.5 million 2016 expense associated with potential federal tax penalties from untimely submission of informational returns which did not recur in 2017.
- Depreciation and amortization expense decreased \$8.1 million driven primarily by a decrease at Big Fish Games associated with fully amortized intangible assets.
- Research and development expense increased \$0.6 million driven by an increase in headcount to support the portfolio of games offered by Big Fish Games.
- Acquisition expense, net decreased \$3.2 million driven by non-cash fair value adjustments related to the liabilities for the Big Fish Games earnout and deferred payments to the founders which were partially paid during 2016 and 2017.
- Calder exit costs decreased \$1.6 million driven by lower costs associated with the grandstand demolition.
- Other operating expense includes utilities, maintenance, food and beverage costs, property taxes and insurance and other operating expense. Other operating expense increased \$3.7 million primarily driven by a \$1.7 million increase in TwinSpires third party processing fees due to increase in revenues, a \$1.4 million increase in insurance and property taxes, and a \$0.6 million increase related to other expenses.

Adjusted EBITDA

We believe that the use of Adjusted EBITDA as a key performance measure of the results of operations enables management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Adjusted EBITDA is a supplemental measure of our performance that is not required by or presented in accordance with U.S. GAAP. Adjusted EBITDA should not be considered as an alternative to, or more meaningful than, net income (as determined in accordance with U.S. GAAP) as a measure of our operating results.

During the fourth quarter of 2016, we updated our definition of Adjusted EBITDA to exclude changes in Big Fish Games deferred revenue. Effective January 1, 2017, certain revenue previously included in our Corporate segment was deemed by management to be more closely aligned with our TwinSpires segment. Accordingly, the prior year amounts were reclassified to conform to this presentation.

Three Months Ended September 30, 2017, Compared to Three Months Ended September 30, 2016

- Racing Adjusted EBITDA increased \$1.3 million driven by a \$1.0 million increase at Fair Grounds primarily due to insurance reserve premium adjustments compared to the prior year quarter and a \$0.9 million increase at Arlington due to an increase in handle and admissions. Partially offsetting these increases was a \$0.6 million decrease at Churchill Downs due to one less live thoroughbred racing day in the third quarter of 2017 compared to the prior year quarter.
- Casinos Adjusted EBITDA increased \$9.1 million driven by a \$5.5 million increase from strong performance of the Company's equity investments, including our new equity investment in Ocean Downs in January 2017, a \$1.7 million increase at Riverwalk, a \$0.5 million increase at Harlow's and a combined \$1.4 million increase from all of our other Casino properties, all of which were due to successful marketing and promotional activities.
- TwinSpires Adjusted EBITDA increased \$4.1 million driven by the 23.9% increase in active players and handle growth of 20.6%.
- Big Fish Games Adjusted EBITDA decreased \$10.2 million driven by a \$5.5 million increase in user acquisition expense, a \$2.4 million increase in salaries & benefits, selling, general & administrative costs and research & development costs, a \$1.3 million decrease in revenue net of platform and development fees, and a \$1.0 million increase in other expense primarily related to unfavorable foreign exchange rates.

Nine Months Ended September 30, 2017, Compared to Nine Months Ended September 30, 2016

- Racing Adjusted EBITDA increased \$6.4 million due to a \$5.7 million increase at Churchill Downs primarily from a successful Kentucky Derby and Oaks week performance and a \$1.8 million increase at Arlington driven by increased handle and admissions. Partially offsetting these increases were a \$0.7 million decrease at Fair Grounds primarily from a contagious equine disease which quarantined horses causing limited fields and remediation expenses and a \$0.4 million decrease from other sources.
- Casinos Adjusted EBITDA increased \$14.3 million driven by a \$12.0 million increase from strong performances of the Company's equity investments, including our new equity investment in Ocean Downs in January 2017, a \$1.0 million increase at Oxford, a \$0.8 million increase at Harlow's, and a \$0.5 million combined increase from our other Casino properties, all of which resulted from successful marketing and promotional activities.
- TwinSpires Adjusted EBITDA increased \$5.7 million driven by the 34.5% increase in active players and handle growth of 16.4%.
- Big Fish Games Adjusted EBITDA increased \$1.7 million driven by a \$21.9 million decrease in user acquisition spending and an \$11.2 million decrease in platform and development fees. These increases were partially offset by the \$27.1 million decrease in revenues, a \$2.3 million increase in salaries and benefits primarily driven by increased headcount and associated benefits, a \$1.6 million increase in selling, general and administrative expense primarily driven by increased bonus incentive expense, and a \$0.4 million increase in other expense.

- Depreciation and amortization expense decreased \$3.5 million primarily driven by a decrease at Big Fish Games associated with fully amortized intangible assets.
- Interest expense increased \$1.5 million primarily as a result of higher long-term debt balances outstanding and borrowings under our Fourth Amended and Restated Credit Agreement (the "Senior Secured Credit Facility").
- Stock-based compensation expense increased \$0.9 million driven by an increase in awards for Big Fish Games employees and other key resources.
- Other selling, general and administrative charges decreased \$2.7 million due to a \$2.5 million 2016 expense associated with potential federal tax penalties from untimely submission of informational returns which did not recur in 2017 and a \$0.2 million decrease from other sources.
- Interest, depreciation and amortization expense related to our equity investments increased \$1.5 million driven by our equity investments in SCH and Ocean Downs.

Nine Months Ended September 30, 2017, Compared to Nine Months Ended September 30, 2016

- Depreciation and amortization expense decreased \$8.1 million primarily driven by a decrease at Big Fish Games associated with fully amortized intangible assets.
- Interest expense increased \$3.2 million primarily as a result of higher long-term debt balances outstanding and borrowings under our Senior Secured Credit Facility.
- Income tax provision increased \$14.0 million driven by an increase in pretax income.
- Stock-based compensation expense increased \$3.2 million due to an increase in performance based awards compared to target and an increase in awards for Big Fish Games employees and other key resources.

- Other selling, general and administrative charges decreased \$2.9 million due to a \$2.5 million 2016 expense associated with potential federal tax penalties from untimely submission of informational returns which did not recur in 2017 and a \$0.4 million decrease from other sources.
- Interest, depreciation and amortization expense related to our equity investments increased \$3.1 million driven by our equity investments in SCH and Ocean Downs.

Consolidated Balance Sheet

The following table is a summary of our overall financial position:

<i>(in millions)</i>	<u>September 30, 2017</u>		<u>December 31, 2016</u>		<u>Change</u>
Total assets	\$ 2,327.4	\$	2,254.4	\$	73.0
Total liabilities	\$ 1,701.1	\$	1,569.4	\$	131.7
Total shareholders' equity	\$ 626.3	\$	685.0	\$	(58.7)

Significant items affecting the comparability of our condensed consolidated balance sheets include:

- Total assets increased \$73.0 million driven by a \$45.0 million increase in property and equipment, net due to our capital project and maintenance expenditures partially offset by depreciation expense, a \$34.8 million increase in investments in affiliates primarily due to the acquired interest of Ocean Downs, a \$16.1 million increase in goodwill due to the acquisition of BetAmerica, a \$8.5 million increase in other current assets driven primarily by prepaid developer fees, and a \$2.5 million increase in all other assets. Partially offsetting these increases were a \$20.3 million decrease in intangible assets due to amortization expense partially offset by intangible assets acquired in the acquisition of BetAmerica and a \$13.6 million decrease in escrow receivable related to the Calder land sale from the fourth quarter of 2016 and the completion of certain purchases of property and equipment.
- Total liabilities increased \$131.7 million driven by a \$202.0 million increase in our total debt balance as we primarily borrowed under our Senior Secured Credit Facility to fund repurchases of common stock, a \$16.9 million increase in income taxes payable due to our current year income tax provision, a \$11.1 million increase in accrued expenses primarily from an increase in capital expenditures and a \$9.8 million increase in all other liabilities. Partially offsetting these increases were a \$52.3 million decrease in deferred revenue - all other due to revenue recognition for the 2017 Kentucky Derby and Oaks events, a \$34.0 million decrease in the Big Fish Games earnout liability, and a \$21.8 million decrease in dividends payable due to payment of annual dividends.
- Total shareholders' equity decreased \$58.7 million driven by a \$179.5 million decrease from repurchases of common stock. Partially offsetting this decrease were a \$102.3 million increase in current year net income, a \$17.5 million increase from the amortization of stock-based compensation, and a \$1.0 million increase of other changes in shareholders' equity.

Liquidity and Capital Resources

The following table is a summary of our liquidity and cash flows:

<i>(in millions)</i>	<u>Nine Months Ended September 30,</u>				
	<u>2017</u>		<u>2016</u>		<u>Change</u>
Cash flows from:					
Operating activities	\$ 164.2	\$	189.0	\$	(24.8)
Investing activities	\$ (124.6)	\$	(46.2)	\$	(78.4)
Financing activities	\$ (31.7)	\$	(160.0)	\$	128.3

Included in cash flows from investing activities are capital maintenance expenditures and capital project expenditures. Capital maintenance expenditures relate to the replacement of existing fixed assets with a useful life greater than one year that are obsolete, exhausted, or no longer cost effective to repair. Capital project expenditures represent fixed asset additions related to land or building improvements to new or existing assets or purchases of new (non-replacement) equipment or software related to specific projects deemed necessary expenditures.

Nine Months Ended September 30, 2017, Compared to the Nine Months Ended September 30, 2016

- Cash provided by operating activities decreased \$24.8 million driven by a \$20.8 million reduction in deferred revenue driven by timing of payments related to the Kentucky Derby and Oaks events and lower Big Fish Games year to date bookings, a \$12.2 million increase in other current assets and liabilities due to increased prepaid developer fees as a result of new games for Big Fish Games, and a \$9.0 million decrease from other sources. Partially offsetting these decreases was a \$17.2 million decrease in Big Fish Games earnout payments in comparison to the prior year.
- Cash used in investing activities increased \$78.4 million driven by \$42.5 million in higher capital project expenditures, a \$24.0 million equity investment in Ocean Downs, a \$23.1 million increase for the acquisition of BetAmerica, and a \$2.4 million increase from other investing activities. Partially offsetting these increases was a \$13.6 million decrease in receivable from escrow related to the Calder land sale from the fourth quarter of 2016.
- Cash used in financing activities decreased \$128.3 primarily driven by a \$230.2 million reduction in the Big Fish Games earnout payment and a \$63.7 million increase in net borrowings and repayments under our Senior Secured Credit Facility. Partially offsetting these decreases were a \$161.1 million increase in stock repurchases and a \$4.5 million increase in other financing sources.

Senior Secured Credit Facility

On February 17, 2016, we entered into an amendment (the "New Agreement") which amends certain provisions of the credit agreement including extending the maturity of both the Senior Secured Credit Facility and the Term Loan Facility ("Term Loan") through February 2021, coterminous with one another. The maximum aggregate commitment for the Senior Secured Credit Facility remains at \$500.0 million and the unamortized Term Loan of \$188.7 million was refinanced as part of this amendment.

Regarding the Term Loan, we are required to make quarterly principal payments based on the amortization schedule in the New Agreement. Payments are set to occur on the last day of each quarter through the maturity date with annual paydown requirements of 5%, 7.5%, 10%, 12.5%, 15% and a bullet payment due at maturity. The amortization schedule calls for quarterly principal payments of \$2.4 million that commenced on March 31, 2016 and increased in increments of \$1.2 million on March 31 of each year to reach final year quarterly payment amounts of \$7.1 million. If no additional payments are made, the balance due at termination will be \$94.4 million.

Generally, borrowings made pursuant to the Senior Secured Credit Facility bear interest at a LIBOR-based rate per annum plus an applicable percentage ranging from 1.125% to 2.5% depending on our total leverage ratio. In addition, under the Senior Secured Credit Facility, we agreed to pay a commitment fee at rates that range from 0.15% to 0.35% of the available aggregate commitment, depending on our total leverage ratio. The Term Loan is not subject to, nor included in the calculation of, the commitment fee. The weighted average interest rate on outstanding borrowings was 3.1% at September 30, 2017 and 2.7% at December 31, 2016.

The Senior Secured Credit Facility contains customary affirmative and negative covenants for credit facilities of this type, including limitations on us and our subsidiaries with respect to indebtedness, restricted payments, liens, investments, mergers and acquisitions, disposition of assets, sale-leaseback transactions and transactions with affiliates. The covenants permit us to use proceeds of the credit extended under the agreement for general corporate purposes, restricted payments and acquisition needs. The Senior Secured Credit Facility also contains financial covenants that require us (i) to maintain an interest coverage ratio (i.e., consolidated adjusted

EBITDA to consolidated interest expense) that is greater than 3.0 to 1.0; (ii) not to permit the total leverage ratio (i.e., total consolidated funded indebtedness to consolidated adjusted EBITDA) to be greater than 4.5 to 1.0, provided that if a certain minimum consolidated adjusted EBITDA is reached then the total leverage ratio will be increased to 5.0 to 1.0 for such periods that the minimum is maintained; and (iii) not to permit the senior secured leverage ratio (i.e. senior secured consolidated funded indebtedness to consolidated adjusted EBITDA) to be greater than 3.5 to 1.0. As of September 30, 2017, we were in compliance with all covenants under the Senior Secured Credit Facility, and we have significant assets pledged as collateral under the Senior Secured Credit Facility. At September 30, 2017, the financial ratios under our Senior Secured Credit Facility were as follows:

	Actual	Requirement
Interest Coverage Ratio	7.5 to 1	> 3.0 to 1.0
Total Leverage Ratio	3.3 to 1	< 4.5 to 1.0
Senior Secured Leverage Ratio	1.6 to 1	< 3.5 to 1.0

As of September 30, 2017, we had \$7.1 million in letter of credit commitments which reduced the total available capacity under the Senior Secured Credit Facility to \$132.7 million.

5.375% Senior Unsecured Notes

On December 16, 2013, we completed an offering of \$300.0 million in aggregate principal amount of 5.375% Senior Unsecured Notes that mature on December 15, 2021 (the "Initial Senior Unsecured Notes" or the "Existing Notes"). The Initial Senior Unsecured Notes were issued at par, with interest payable on June 15th and December 15th of each year. We received net proceeds of \$295.0 million, after deducting underwriting fees, and used the net proceeds from the offering to repay a portion of our outstanding revolver borrowings, and accrued and unpaid interest outstanding. In connection with the issuance, we capitalized \$6.3 million of debt issuance costs which are being amortized as interest expense over the remaining term of the Initial Senior Unsecured Notes.

On December 16, 2015, we completed an additional offering of \$300.0 million in aggregate principal amount of 5.375% Senior Unsecured Notes that mature on December 15, 2021 (the "Tack-on Notes"). The Tack-on Notes were issued under the December 16, 2013 Indenture (the "Indenture") governing the \$300.0 million Existing Notes and form a part of the same series as the Existing Notes for purposes of the Indenture. The Tack-on Notes were issued at 101% with interest payable on June 15th and December 15th of each year. We received net proceeds of \$299.0 million, after deducting underwriting fees and used the net proceeds from the offering to repay outstanding revolver borrowings along with accrued and unpaid interest outstanding under the Senior Secured Credit Facility. In connection with the issuance, we capitalized \$4.7 million of debt issuance costs which are being amortized as interest expense over the remaining term of the Tack-on Notes.

The aggregate principal amount of the outstanding notes under this series is \$600.0 million (collectively the "Senior Unsecured Notes").

Both series of the Senior Unsecured Notes were issued in private offerings that were exempt from registration under the Securities Act of 1933, as amended, and are senior unsecured obligations. The total Senior Unsecured Notes are guaranteed by each of our domestic subsidiaries that guarantee our Senior Secured Credit Facility and will rank equally with our existing and future senior obligations. We may redeem all or part of the Senior Unsecured Notes at a redemption price of 104.0% which gradually reduces to par by 2019.

Contractual Obligations

Our commitments to make future payments as of September 30, 2017, are estimated as follows:

<i>(in millions)</i>	October 1 to December 31, 2017	2018-2019	2020-2021	Thereafter	Total
Big Fish Games earnout	\$ —	\$ 34.2	\$ —	\$ —	\$ 34.2
Big Fish Games deferred payment	—	28.4	—	—	28.4
Senior Secured Credit Facility	—	—	360.2	—	360.2
Interest on Senior Secured Credit Facility ⁽¹⁾	2.8	22.5	12.8	—	38.1
Term Loan	3.5	42.5	122.7	—	168.7
Interest on Term Loan ⁽¹⁾	1.3	9.4	3.9	—	14.6
Senior Unsecured Notes	—	—	600.0	—	600.0
Interest on Senior Unsecured Notes	16.1	64.5	63.1	—	143.7
Operating leases	3.0	17.6	19.1	85.0	124.7
Total	<u>\$ 26.7</u>	<u>\$ 219.1</u>	<u>\$ 1,181.8</u>	<u>\$ 85.0</u>	<u>\$ 1,512.6</u>

(1) Interest includes the estimated contractual payments under our Senior Secured Credit Facility assuming no change in the weighted average borrowing rate of 3.1% which was the rate in place as of September 30, 2017.

On March 27, 2017, the Company amended the Agreement and Plan of Merger associated with the Company's acquisition of Big Fish Games dated as of December 16, 2014, to extend the deferral of the earnout consideration payable and the Big Fish Games' founder deferred payment on December 15, 2017 to January 3, 2018. As of September 30, 2017, the fair value of the Big Fish Games earnout liability was \$33.9 million and the fair value of the Big Fish Games deferred payment to the founder was \$28.3 million, both of which we expect to pay in 2018.

As of September 30, 2017, we had approximately \$3.0 million of unrecognized tax benefits.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to market risks arising from adverse changes in:

- general economic trends;
- interest rate and credit risk; and
- foreign currency exchange risk.

General economic trends

Our business is sensitive to consumer confidence and reductions in consumers' discretionary spending, which may result from challenging economic conditions, unemployment levels and other changes in the economy. Demand for entertainment and leisure activities is sensitive to consumers' disposable incomes, which can be adversely affected by economic conditions and unemployment levels. This could result in fewer patrons visiting our racetracks, gaming and wagering facilities, online wagering sites and our casual gaming site, downloading our online games and/or may impact our customers' ability to wager with the same frequency and to maintain wagering levels.

Interest rate and credit risk

Our primary exposure to market risk relates to changes in interest rates. At September 30, 2017, we had \$528.9 million outstanding under our Senior Secured Credit Facility, which bears interest at LIBOR based variable rates. We are exposed to market risk on variable rate debt due to potential adverse changes in these rates. Assuming the outstanding balance of the debt facility remains constant, a one-percentage point increase in the LIBOR rate would reduce net income and cash flows from operating activities by \$3.3 million.

Foreign currency exchange risk

We operate internationally and are exposed to foreign currency exchange risk. While the substantial majority of our revenue has been and is expected to continue to be denominated in U.S. dollars, our results of operations and cash flows are subject to fluctuations due to changes in foreign currency exchange rates, particularly changes in the Euro. Due to the relative size of our international operations to date, our foreign currency exposure is not material.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our reports that we file under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures.

As required by the Securities and Exchange Commission Rule 13a-15(e), we carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of September 30, 2017. Based upon the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

There has been no change in our internal controls over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect our internal control over financial reporting. Our process for evaluating controls and procedures is continuous and encompasses constant improvement of the design and effectiveness of established controls and procedures.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The following descriptions have been updated or added since the filing of our Quarterly Report on Form 10-Q for the quarter ended June 30, 2017, relating to the proceedings involving the Company. In addition to the matters described below, we are also involved in ordinary routine litigation matters which are incidental to our business.

Louisiana Horsemen's Purses Class Action Suit

On April 21, 2014, John L. Soileau and other individuals filed a Petition for Declaratory Judgment, Permanent Injunction, and Damages-Class Action styled *John L. Soileau, et. al. versus Churchill Downs Louisiana Horseracing, LLC, Churchill Downs Louisiana Video Poker Company, LLC* (Suit No. 14-3873) in the Parish of Orleans Civil District Court, State of Louisiana (the "District Court"). The petition defined the "alleged plaintiff class" as quarter-horse owners, trainers and jockeys that have won purses at the "Fair Grounds Race Course & Slots" facility in New Orleans, Louisiana since the first effective date of La. R.S. 27:438 and specifically since 2008. The petition alleged that Churchill Downs Louisiana Horseracing, L.L.C. and Churchill Downs Louisiana Video Poker Company, L.L.C. ("Fair Grounds") have collected certain monies through video draw poker devices that constitute monies earned for purse supplements and all of those supplemental purse monies have been paid to thoroughbred horsemen during Fair Grounds' live thoroughbred horse meets. La. R.S. 27:438 requires a portion of those supplemental purse monies to be paid to quarter-horse horsemen during Fair Grounds' live quarter-horse meets. The petition requested that the District Court declare that Fair Grounds violated La. R.S. 27:438, issue a permanent and mandatory injunction ordering Fair Grounds to pay all future supplements due to the plaintiff class pursuant to La. R.S. 27:438, and to pay the plaintiff class such sums as it finds to reasonably represent the value of the sums due to the plaintiff class. On August 14, 2014, the plaintiffs filed an amendment to their petition naming the Horsemen's Benevolent and Protective Association 1993, Inc. ("HBPA") as an additional defendant and alleging that HBPA is also liable to plaintiffs for the disputed purse funds. On October 9, 2014, HBPA and Fair Grounds filed exceptions to the suit, including an exception of primary jurisdiction seeking referral to the Louisiana Racing Commission. By Judgment dated November 21, 2014, the District Court granted the exception of primary jurisdiction and referred the matter to the Louisiana Racing Commission. On January 26, 2015, the Louisiana Fourth Circuit Court of Appeals denied the plaintiffs' request for supervisory review of the Judgment. On August 24, 2015, the Louisiana Racing Commission ruled that the plaintiffs did not have standing or a right of action to pursue the case. On September 18, 2015, the plaintiffs filed a Petition for Appeal of Administrative Order Dismissing Case for No Right of Action in the District Court seeking a reversal of the Louisiana Racing Commission's ruling. On July 13, 2016, the plaintiffs filed their brief with the District Court and Fair Grounds filed its brief on August 12, 2016. A hearing was held at the District Court on September 15, 2016 and the District Court affirmed the Louisiana Racing Commission's ruling. The plaintiffs filed an appeal with the Louisiana Fourth Circuit Court of Appeals on December 7, 2016. By Order dated August 23, 2017, the Louisiana Fourth Circuit Court of Appeals dismissed the plaintiffs' appeal without prejudice because the District Court's Judgment did not contain the necessary decretal language. To correct this deficiency, the District Court entered an Amended Judgment on September 19, 2017. The plaintiffs have advised they intend to appeal the Amended Judgment.

Pennsylvania Advance Deposit Wagering Suit

On September 3, 2016, the Company filed a lawsuit in the Commonwealth Court of Pennsylvania styled *Churchill Downs Incorporated and Churchill Downs Technology Initiatives Company v. The Commonwealth of Pennsylvania, acting by and through the Department of Revenue; Eileen H. McNulty, Secretary of Revenue of the Commonwealth of Pennsylvania, and her successors in office; Bruce Beemer, Attorney General of the Commonwealth of Pennsylvania, and his successors in office; The Pennsylvania State Horse Racing Commission; Corinne Sweeney; Thomas J. Ellis; C. Edward Rogers, Jr.; Russell B. Jones Jr.; Michele C. Ruddy, Salvatore M. De Bunda, and Russell C. Redding, in their Official Capacity as Commissioners of the Pennsylvania State Horse Racing Commission, and their successors in office* (Docket No. 476 MD 2016) challenging the constitutionality of a Pennsylvania law granting each Pennsylvania racetrack a local monopoly over all wagers placed by telephone or through the Internet by Pennsylvania residents located within a 35-mile radius of the track, as well as requiring out-of-state advance deposit wagering companies to pay initial and annual license fees. On October 30, 2017, the Governor of Pennsylvania signed the gaming bill HB 271 into law, which, among other things, addressed the two issues raised in this lawsuit by removing the 35-mile radius restriction and reducing the annual license fees. The Company expects to file a discontinuance to voluntarily terminate the lawsuit.

The Kentucky Horse Racing Commission, et al. v. The Family Trust Foundation of Kentucky, Inc.

In 2010, all Kentucky racetracks and the Kentucky Horse Racing Commission (the "KHRC" and, together with the Kentucky racetracks, the "Joint Petitioners") sought a declaration from the Franklin Circuit Court (the "Court") that: (i) the KHRC's historical racing regulations are valid under Kentucky law, and (ii) operating historical racing machines pursuant to a license issued by KHRC would not run afoul of any criminal gaming statutes. The Family Trust Foundation of Kentucky, Inc. intervened, and the Court subsequently granted summary judgment to the Joint Petitioners holding that the KHRC's historical racing regulations are valid under Kentucky law. Following an appeal to the Kentucky Court of Appeals, in February 2014 the Supreme Court of Kentucky affirmed the Court's decision that the regulations are valid under Kentucky law, but remanded the case to the Court to determine

whether operation of historical racing machines that were licensed during the pendency of the litigation constitute pari-mutuel wagering. A trial date is set for January 8, 2018 to determine whether the games from one of the historical racing machine manufacturers (Encore) are pari-mutuel. Although the Court ordered, on August 24, 2017, that this pending litigation only directly involves the historical racing machine games presently in use, and any future historical racing machine games proposed by the Company would not be included in the pending case, the ruling could impact how we design our future games and could affect the underlying economics and technology of historical racing machines.

ITEM 1A. RISK FACTORS

There have been no material changes with respect to risk factors disclosed in our Annual Report on Form 10-K for the year ended December 31, 2016.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Issuer Purchases of Common Stock

The following table provides information with respect to shares of common stock that we repurchased during the quarter ended September 30, 2017:
