CAPITAL MANAGEMENT

Term Loan A Increase

On February 24, 2023, the Company announced an amendment of its senior secured credit agreement to increase the loans under the existing Term Loan A credit facility due 2027 by \$500 million (from \$800 million to \$1.3 billion). The Company used the net proceeds from the borrowings under the increased Term Loan A to repay outstanding loans under its existing senior secured revolving credit facility, pay related transaction fees and expenses, and for general corporate purposes.

2031 Senior Notes

On April 25, 2023, the Company closed an offering of \$600 million in aggregate principal amount of its 6.750% senior notes due 2031. The Company used a portion of the net proceeds from the offering to repay indebtedness outstanding under its Term Loan B Facility due 2024 and to fund related transaction fees and expenses, and intends to use the remainder of the proceeds for working capital and other general corporate purposes.

Two-for-One Stock Split

At its regularly scheduled meeting held April 25, 2023, the Board of Directors of the Company approved a two-for-one stock split of the Company's common stock and a proportionate increase in the number of its authorized shares of common stock. The additional shares will be distributed on May

NET INCOME

The Company's first quarter of 2023 net income was \$155.7 million compared to \$42.1 million in the prior year quarter.

The following impacted the comparability of the Company's first quarter net income:

- \$86.2 million after-tax gain on the sale of the Arlington property.

This was partially offset by:

- \$1.2 million after-tax net increase in adjustments related to our unconsolidated affiliates, transaction, pre-opening and other expenses.

Excluding the items above, first quarter 2023 net income increased \$28.6 million primarily due to the following:

- \$60.5 million after-tax increase driven by the results of our operations and equity in income from our unconsolidated affiliates;
- Partially offset by a \$31.9 million after-tax increase in interest expense associated with higher outstanding debt balances.

Use of Non-GAAP Measures

In addition to the results provided in accordance with GAAP, the Company also uses non-GAAP measures, including adjusted net income, adjusted diluted EPS, EBITDA (earnings before interest, taxes, depreciation and amortization), and Adjusted EBITDA.

The Company uses non-GAAP measures as a key performance measure of the results of operations for purposes of evaluating performance internally. These measures facilitate comparison of operating performance between periods and help investors to better understand the operating results of the Company by excluding certain items that may not be indicative of the Company's core business or operating results. The Company believes the use of these measures enables management and investors to evaluate and compare, from period to period, the Company's operating performance in a meaningful and consistent manner. The non-GAAP measures are a supplemental measure of our performance that is not required by, or presented in accordance with, GAAP, and should not be considered as an alternative to, or more meaningful than, net income or diluted EPS (as determined in accordance with GAAP) as a measure of our operating results.

We use Adjusted EBITDA to evaluate segment performance, develop strategy, and allocate resources. We utilize the Adjusted EBITDA metric to provide a more accurate measure of our core operating results and enable management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Adjusted EBITDA should not be considered as an alternative to operating income as an indicator of performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure provided in accordance with GAAP. Our calculation of Adjusted EBITDA may be different from the calculation used by other companies and, therefore, comparability may be limited.

Adjusted net income and adjusted diluted EPS exclude discontinued operations net income or loss; net income or loss attributable to noncontrolling interest; changes in fair value for interest rate swaps related to Rivers Des Plaines; Rivers Des Plaines' legal reserves and transaction costs; transaction expense, which includes acquisition and disposition related charges, as well as legal, accounting, and other deal-related expense; pre-opening expense; and certain other gains, charges, recoveries, and expenses.

Adjusted EBITDA includes our portion of EBITDA from our equity investments.

Adjusted EBITDA excludes:

- Transaction expense, net which includes:
 - Acquisition, disposition, and land sale related charges;
 - Direct online Sports and Casino business exit costs; and
 - Other transaction expense, including legal, accounting, and other deal-related expense;
- Stock-based compensation expense;
- Rivers Des Plaines' impact on our investments in unconsolidated affiliates from:
 - The impact of changes in fair value of interest rate swaps; and
 - Legal reserves and transaction costs;

- Asset impairments;
- Gain on property sales;
- Legal reserves;
- Pre-opening expense; and
- Other charges, recoveries, and expenses

As of December 31, 2021, Arlington ceased racing and simulcast operations and the property was sold on February 15, 2023 to the Chicago Bears. Arlington's results in 2022 and 2023 are treated as an adjustment to EBITDA and are included in Other expenses, net in the Reconciliation of Comprehensive Income to Adjusted EBITDA.

For segment reporting, Adjusted EBITDA includes intercompany revenue and expense totals that are eliminated in the Consolidated Statements of Comprehensive Income. See the Reconciliation of Comprehensive Income to Adjusted EBITDA included herewith for additional information.
