The following information is unaudited. All per share amounts assume dilution unless otherwise noted. This report should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2025.

In the opinion of management, all adjustments necessary for a fair statement of this information have been made, and all such adjustments are of a normal, recurring nature.

In August 2025, the Company completed the acquisition of 90.0% of the outstanding equity interests of PPE Casino Resorts NH Holdings, LLC in Salem, New Hampshire ("Casino Salem"). The Company has assumed responsibility for the development of a charitable gaming, entertainment and dining destination at this location. We report net revenue and operating expense associated with these reportable segments in the accompanying Condensed Consolidated Statements of Comprehensive Income.

## **2. RECENT ACCOUNTING PRONOUNCEMENTS**

### ***Recent Accounting Pronouncements - effective in 2026 or thereafter***

In October 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-06, Disclosure Improvements: Codification Amendments in Response to the Securities and Exchange Commission's ("SEC") Disclosure Update and Simplification Initiative, to amend certain disclosure and presentation requirements for a variety of topics within FASB's Accounting Standards Codification ("ASC"). These amendments align the requirements in the ASC regarding the removal of certain disclosure requirements set out in Regulation S-X and Regulation S-K, announced by the SEC. The effective date for each amended topic in the ASC is either the date on which the SEC's removal of the related disclosure requirement from Regulation S-X or Regulation S-K becomes effective, or on June 30, 2027, if the SEC has not removed the requirements by that date. Early adoption is prohibited. The Company is currently evaluating the impact of this standard on the consolidated financial statements and related disclosures.

In November 2024, FASB issued ASU 2024-03, Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses. Under ASU 2024-03, a public entity would be required to disclose information about purchases of inventory, employee compensation, depreciation, intangible asset amortization, and depletion for each income statement line item that contains those expenses. This standard is effective for annual reporting periods beginning after December 15, 2026 and interim reporting periods beginning after December 15, 2027. Early adoption is permitted. The Company is currently evaluating the impact of this standard on the consolidated financial statements and related disclosures.

In July 2025, the FASB issued ASU 2025-05, Financial Instruments—Credit Losses: Measurement of Credit Losses for Accounts Receivable and Contract Assets (Topic 326). The update permits entities to elect a practical expedient for estimating expected credit losses on current trade receivables and current contract assets by assuming that conditions existing at the balance sheet date will remain unchanged over the life of those assets. The updated standard is effective for fiscal years beginning after December 15, 2025, and interim reporting periods within those annual reporting periods, with early adoption permitted. The adoption of this standard did not have a material impact on our consolidated financial statements and related disclosures.

In September 2025, the FASB issued ASU 2025-06, Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40): Targeted Improvements to the Accounting for Internal-Use Software, which modernizes the accounting for internal-use software. The update removes all references to software development stages and requires capitalization of software costs

when management has committed to the software project and it is probable the software will be completed and perform its intended use. This standard is effective for annual reporting periods beginning after December 15, 2027, and interim reporting periods within those annual reporting periods. The Company is currently evaluating the impact of this standard on the consolidated financial statements and related disclosures.

In December 2025, the FASB issued ASU 2025-11, Interim Reporting (Topic 270): Narrow-Scope Improvements, which clarifies certain interim reporting guidance. The update is effective for fiscal years beginning after December 15, 2027, and interim periods within those fiscal years. The Company is currently assessing the impact of this standard on the consolidated financial statements and related disclosures.

### 3. ACQUISITIONS

#### *Casino Salem*

On August 27, 2025, the Company completed its acquisition of 90.0% of the outstanding equity interests of Casino Salem (the "Salem Transaction") for a base purchase price of \$180 million, and the transaction was treated as an asset acquisition because substantially all the value of the gross assets acquired was concentrated in the gaming rights. In conjunction with the acquisition, the Company recorded a \$197 million indefinite-lived gaming rights intangible, which represented the fair value of the gaming rights at the date of acquisition.

The fair value of the gaming rights acquired in the transaction was determined using the Greenfield Method, which is an income approach methodology that calculates the present value of the gaming rights intangible asset based on a projected cash flow stream. This method assumes that the gaming rights intangible asset provides the opportunity to develop a gaming facility in a specified region, and that the present value of the projected cash flows is a result of the realization of advantages contained in these rights. Under this methodology, the acquirer is expected to absorb all start-up costs, as well as incur all expenses pertaining to the acquisition and/or the creation of all tangible and intangible assets. The estimated future revenue, future operating expenses, start-up costs, and discount rate were the primary inputs in the valuation. The gaming rights intangible asset was assigned an indefinite useful life based on the Company's expected use of the asset and determination that no legal, regulatory, contractual, competitive, economic, or other factors limit the useful life of the gaming rights.

### 4. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill was \$900 million as of June 30, 2026 and December 31, 2025.

We performed our annual goodwill impairment analysis as of April 1, 2026, and no adjustment to the carrying value of goodwill was required. We assessed goodwill for impairment by performing qualitative or quantitative analyses for each reporting unit. We concluded that the fair values of our reporting units exceeded their carrying values, and therefore no impairments were identified.

Other intangible assets are comprised of the following:

|                                    | June 30, 2026         |                          |                     | December 31, 2025     |                          |                     |

The Company continues to monitor the regulatory and competitive environment and the impact on the results of operations of Presque Isle Downs and Casino ("Presque Isle"). Future regulatory changes and increased competition could have a negative impact on the estimates and assumptions utilized in our asset impairment assessments. These potential impacts could increase the risk of a future impairment of assets at Presque Isle.

We performed our annual indefinite-lived intangible assets impairment analysis as of April 1, 2026. We assessed our indefinite-lived intangible assets for impairment by performing qualitative or quantitative analyses for each asset. Based on the results of these analyses, no indefinite-lived intangible asset impairments were identified in connection with our annual impairment testing.

## 5. INCOME TAXES

The Company's effective income tax rates of 26.2% for the three months and 26.3% for the six months ended June 30, 2026 were higher than the U.S. federal statutory rate of 21.0% primarily resulting from state income taxes and non-deductible expenses.

The Company's effective income tax rate of 25.5% for the three months ended June 30, 2025 was higher than the U.S. federal statutory rate of 21.0% primarily resulting from state income taxes and nondeductible officers' compensation. The Company's effective income tax rate of 24.0% for the six months ended June 30, 2025 was higher than the U.S. federal statutory rate of 21.0% primarily resulting from state income taxes and non-deductible officers' compensation, partially offset by tax benefits from the remeasurement of deferred income tax liabilities, as a result of certain entity classification elections that were made in the first quarter of 2025, which decreased income attributable to states with higher tax rates compared to prior year.

## 6. SHAREHOLDERS' EQUITY

### Stock Repurchase Programs

On July 22, 2025, the Board of Directors of the Company approved a common stock repurchase program of up to \$500 million (the "July 2025 Stock Repurchase Program"). The July 2025 Stock Repurchase Program includes and is not in addition to the \$169 million previously remaining under the March 2025 Stock Repurchase Program. Share repurchases may be made at management's discretion from time to time in the open market (either with or without a 10b5-1 plan) or through privately negotiated transactions. The repurchase program has no time limit and may be suspended or discontinued at any time. We had approximately \$430 million of repurchase authority remaining under the July 2025 Stock Repurchase Program at June 30, 2026, based on trade date.

On March 12, 2025, the Board of Directors of the Company approved a new common stock repurchase program of up to \$500 million (the "March 2025 Stock Repurchase Program"). The March 2025 Stock Repurchase Program included and was not in addition to any unspent amount remaining under the prior authorizations from the 2021 Stock Repurchase Program. As described above, the March 2025 Stock Repurchase Program has since been replaced by the July 2025 Stock Repurchase Program.

During the three and six months ended June 30, 2026 and 2025, we repurchased the following shares under our stock repurchase programs:

|                                     | Three Months Ended June 30, |                          |           |                          | Six Months Ended June 30, |                          |           |                          |

## 7. STOCK-BASED COMPENSATION PLANS

On February 18, 2025, our Board of Directors approved the replacement of the Churchill Downs Incorporated 2016 Omnibus Stock Incentive Plan (the "2016 Plan") with a new plan, the Churchill Downs Incorporated 2025 Omnibus Stock and Incentive Plan (the "2025 Plan"). The 2025 Plan was approved by shareholders at the Company's 2025 Annual Meeting of Shareholders held on April 22, 2025, and no further awards will be granted under the 2016 Plan. We have stock-based employee compensation plans with awards outstanding under the 2016 Plan, the 2025 Plan, and the Executive Long-Term Incentive Compensation Plan, which was adopted pursuant to the 2016 Plan. ("PSUs"), and stock options associated with our employee stock purchase plan was \$8 million and \$13 million for the three months and six months ended June 30, 2026 and \$7 million and \$11 million for the three months and six months ended June 30, 2025, respectively. At June 30, 2026 and December 31, 2025, the Company had \$14 million and \$21 million, respectively, recorded as liability-classified awards, which are included in accrued expense and other liabilities in the accompanying Condensed Consolidated Balance Sheets.

During the six months ended June 30, 2026, the Company awarded RSUs to employees, as well as RSUs and PSUs to certain named executive officers ("NEOs"), and RSAs and RSUs to directors. The vesting criteria for the PSU awards granted in 2026 were based on a three-year service period with two performance conditions and a market condition related to relative total shareholder return ("TSR") consistent with prior year grants. The total compensation cost we will recognize under the PSUs is determined using the Monte Carlo valuation methodology, which factors in the value of the TSR market condition when determining the grant date fair value of the PSU. Compensation cost for each PSU is recognized during the performance and service period based on the probable achievement of the two performance criteria. The PSUs can be converted into shares of our common stock at the time the PSU award value is finalized.

A summary of the RSAs, RSUs and PSUs granted during 2026 is presented below (units in thousands):

### *Credit Agreement*

At June 30, 2026, the Company's senior secured credit facility (as amended from time to time, the "Credit Agreement") consisted of a \$1.2 billion revolving credit facility (the "Revolver"), \$284 million senior secured term loan B-1 (the "Term Loan B-1"), \$1.1 billion senior secured term loan A (the "Term Loan A"), and \$100 million swing line commitment. On July 3, 2024, the Company closed an amendment of the Credit Agreement to (i) extend the maturity date of the Revolver and Term Loan A from 2027 to 2029 subject to an earlier "springing maturity" if certain indebtedness in respect of outstanding notes or other material indebtedness having a maturity date prior to July 3, 2029, is not refinanced or extended to a date after July 3, 2029, at least 91 days prior to such other debt's stated maturity date, and (ii) amend certain other provisions of the Credit Agreement.

On February 14, 2025, the Company announced that it closed the seventh amendment of the Credit Agreement. The seventh amendment to the Credit Agreement (i) reduced the interest rate margin applicable to the Term Loan B-1 by 0.25% from Secured Overnight Financing Rate ("SOFR") plus 200 basis points to SOFR plus 175 basis points, (ii) eliminated the 0.10% credit spread adjustment previously applicable to the Term Loan B-1, and (iii) made certain other amendments to the Credit Agreement.

The Term Loan B-1 requires quarterly payments of 0.25% of the original \$300 million balance and may be subject to additional mandatory prepayment from excess cash flow on an annual basis per the provisions of the Credit Agreement.

The Revolver and Term Loan A bear interest at SOFR plus 10 basis points, plus a variable applicable margin which is determined by the Company's net leverage ratio. As of June 30, 2026, that applicable margin was 150 basis points which was based on the pricing grid in the Credit Agreement. The Company had \$861 million available borrowing capacity, after consideration of \$10 million in outstanding letters of credit, under the Revolver as of June 30, 2026.

The Company is required to pay a commitment fee on the unused portion of the Revolver, as determined by a pricing grid based on the consolidated total net secured leverage ratio of the Company. For the period ended June 30, 2026, the Company's commitment fee rate was 0.25%.

In August 2025, the Company closed on the purchase of 90.0% of Casino Salem, a joint venture with SL Salem, LLC and JPF Casino Enterprises, LLC (collectively, the "Casino Salem Minority Interest Holders"). The Casino Salem Minority Interest Holders' interests include certain embedded redemption features, such as put rights, that are not exclusively within the Company's control. The Casino Salem Minority Interest Holders' interests are treated as redeemable noncontrolling interest and are not included in the permanent equity on the Company's Condensed Consolidated Balance Sheets.

The redeemable noncontrolling interest is initially accounted for at fair value and subsequently adjusted to the greater of the redemption value or the carrying value. Redeemable noncontrolling interest adjustments of carrying value to redemption value are reflected in retained earnings and are also included as an adjustment to income available to the Company's shareholders in the calculation of earnings per share (See Note 15, Net Income Per Common Share Computations). The table below depicts changes in the Company's redeemable noncontrolling interest balance.

**13. FAIR VALUE OF ASSETS AND LIABILITIES**

We endeavor to utilize the best available information in measuring fair value. Financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The following methods and assumptions are used to estimate the fair value of each class of financial instruments for which it is practicable to estimate.

**Restricted Cash**

Our restricted cash accounts held in money market and interest-bearing accounts qualify for Level 1 in the fair value hierarchy, which includes unadjusted quoted market prices in active markets for identical assets.

**Debt**

The fair value of the Company's 2031 Senior Notes, 2030 Senior Notes, 2028 Senior Notes, and 2027 Senior Notes are estimated based on unadjusted quoted prices for identical or similar liabilities in markets that are not active and as such are Level 2 measurements. The fair values of the Company's Term Loan B-1, Term Loan A, and Revolver under the Credit Agreement approximate the gross carrying value of the variable rate debt and as such are Level 2 measurements.

#### 14. CONTINGENCIES

We are involved in litigation arising in the ordinary course of conducting business. We carry insurance for workers' compensation claims from our employees and general liability for claims from independent contractors, customers, and guests. We are self-insured up to an aggregate stop loss for our general liability and workers' compensation coverages.

We review all litigation on an ongoing basis when making accrual and disclosure decisions. For certain legal proceedings, we cannot reasonably estimate losses or a range of loss, if any, particularly for proceedings that are in the early stages of development or where the plaintiffs seek indeterminate damages. Various factors, including but not limited to, the outcome of potentially lengthy discovery and the resolution of important factual questions, may need to be determined before probability can be established or before a loss or range of loss can be reasonably estimated. In accordance with current accounting standards for loss contingencies and based upon information currently known to us, we establish reserves for litigation when it is probable that a loss associated with a claim or proceeding has been incurred and the amount of the loss or range of loss can be reasonably estimated. When no amount within the range of loss is a better estimate than any other amount, we accrue the minimum amount of the estimable loss. To the extent that such litigation against us may have an exposure to a loss in excess of the amount we have accrued, we believe that such excess would not be material to our consolidated financial condition, results of operations, or cash flows. Legal fees are expensed as incurred.

If the loss contingency in question is not both probable and reasonably estimable, we do not establish an accrual and the matter will continue to be monitored for any developments that would make the loss contingency both probable and reasonably estimable. In the event that a legal proceeding results in a substantial judgment against us, or settlement by us, there can be no assurance that any resulting liability or financial commitment would not have a material adverse impact on our business.

**16. SEGMENT INFORMATION**

We manage our operations through three reportable segments: Live and Historical Racing, Wagering Services and Solutions, and Gaming. Our operating segments reflect the internal management reporting used by our chief operating decision maker, our Chief Executive Officer, to evaluate results of operations and to assess performance and allocate resources.

Eliminations include the elimination of intersegment transactions. We utilize non-GAAP measures, including EBITDA (earnings before interest, taxes, depreciation and amortization) and Adjusted EBITDA. Our chief operating decision maker utilizes Adjusted EBITDA to evaluate segment performance, develop strategy, and allocate resources. Adjusted EBITDA includes the following adjustments:

Adjusted EBITDA includes our portion of EBITDA from our equity investments and the portion of EBITDA attributable to noncontrolling interests.

Adjusted EBITDA excludes:

- Transaction expense, net, which includes:
  - Acquisition, disposition, and property sale related charges; and
  - Other transaction expense, including legal, accounting, and other deal-related expense;
- Stock-based compensation expense;
- Rivers Des Plaines' impact on our investments in unconsolidated affiliates from legal reserves and transaction costs;
- Asset impairments, net;
- Gain on property sales;
- Legal reserves;
- Pre-opening expense; and
- Other charges, recoveries and expenses

---

We utilize the Adjusted EBITDA metric to provide a more accurate measure of our core operating results and enable management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Adjusted EBITDA should not be considered as an alternative to operating income as an indicator of performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure provided in accordance with GAAP. Our calculation of Adjusted EBITDA may be different from the calculation used by other companies and, therefore, comparability may be limited. For segment reporting, Adjusted EBITDA includes intercompany revenue and expense totals that are eliminated in the accompanying Condensed Consolidated Statements of Comprehensive Income.

The tables below present net revenue from external customers, Adjusted EBITDA by segment and reconcile net income to Adjusted EBITDA:

Net revenue by segment is comprised of the following:

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report contains various "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 (the "Act"), which provides certain "safe harbor" provisions for forward-looking statements. All forward-looking statements made in this report are made pursuant to the Act. The reader is cautioned that such forward-looking statements are based on information available at the time and / or management's good faith belief with respect to future events and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the statements. Forward-looking statements speak only as of the date that the statement was made. We assume no obligation to update forward-looking information to reflect actual results, changes in assumptions or changes in other factors affecting forward-looking information. Forward-looking statements are typically identified by the use of terms such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "might," "plan," "predict," "project," "seek," "should," "will," "scheduled," and similar words or similar expressions (or negative versions of such words or expressions), although some forward-looking statements are expressed differently.

Although we believe that the expectations reflected in such forward-looking statements are reasonable, we can give no assurance that such expectations will prove to be correct. Important factors that could cause actual results to differ materially from expectations include the following:

- the occurrence of extraordinary events, such as terrorist attacks, public health threats, civil unrest, and inclement weather, including as a result of climate change;
- the effect of economic conditions on our consumers' confidence and discretionary spending or our access to credit, including the impact of inflation;
- changes in, or new interpretations of, applicable tax law or rulings that could result in additional tax liabilities;
- the impact of any pandemics, epidemics, or outbreaks of infectious diseases, and related economic matters on our results of operations, financial conditions, and prospects;
- lack of confidence in the integrity of our core businesses or any deterioration in our reputation;
- negative shifts in public opinion regarding gambling that could result in increased regulation of, or new restrictions on, the gaming industry;
- loss of key or highly skilled personnel, as well as general disruptions in the general labor market;
- the impact of significant competition, and the expectation that competition levels will increase;
- changes in consumer preferences, attendance, wagering, and sponsorships;
- risks associated with equity investments, strategic alliances, and other third-party agreements;
- inability to respond to rapid technological changes in a timely manner;
- concentration and evolution of slot machine and historical racing machine ("HRM") manufacturing and other technology conditions that could impose additional costs;
- failure to enter into or maintain agreements with industry constituents, including horsemen and other racetracks;
- cybersecurity risk, including cybersecurity breaches, or loss or misuse of our confidential information as a result of a breach including customers' personal information, or IT system operational disruptions, could lead to government enforcement actions or other litigation;
- costs of compliance with increasingly complex laws and regulations regarding data privacy and protection of personal information;
- reliance on our technology services and catastrophic events, system failures, errors or defects disrupting our operations;
- inability to identify, complete, or fully realize the benefits of, our proposed acquisitions, divestitures, development of new venues or the expansion of existing facilities on time, on budget, or as planned;
- difficulty in integrating recent or future acquisitions into our operations;
- cost overruns and other uncertainties associated with the development of new venues and the expansion of existing facilities;

- general risks related to real estate ownership and significant expenditures, including risks related to environmental liabilities;
- personal injury litigation related to injuries occurring at our racetracks;
- compliance with the Foreign Corrupt Practices Act or other similar laws and regulations, or applicable anti-money laundering regulations;
- payment-related risks, such as risk associated with fraudulent credit card or debit card use;
- work stoppages and labor problems;
- risks related to pending or future legal proceedings and other actions;
- highly regulated operations and changes in the regulatory environment could adversely affect our business;
- restrictions in our debt facilities limiting our flexibility to operate our business;
- failure to comply with the financial ratios and other covenants in our debt facilities and other indebtedness;
- increases to interest rates, disruption in the credit markets or changes to our credit ratings may adversely affect our business;
- increase in our insurance costs, or inability to obtain similar insurance coverage in the future, and any inability to recover under our insurance policies for damages sustained at our properties in the event of inclement weather and casualty events;
- whether the objective of a strategic alternative review process will be achieved; the terms, structure, benefits and costs of any strategic transaction; the timing of any strategic transaction and whether any strategic transaction will be consummated on the terms proposed or at all; the risk that the announcement or exploration of strategic alternatives could have an adverse effect on our ability to retain key personnel and maintain relationships with partners, suppliers, employees, shareholders and other business relationships; the risk of any unexpected costs or expenses resulting from the exploration of strategic alternatives; the risk of any litigation relating to the exploration of strategic alternatives or any strategic transaction; and
- other factors described under the heading "Risk Factors" in our most recent Annual Report on Form 10-K and in other filings we make with the Securities and Exchange Commission.

We do not undertake any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

This report should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2025, including Part I - Item 1A, "Risk Factors" of our Form 10-K for a discussion regarding some of the reasons that actual results may be materially different from those we anticipate.*

## Our Business

Churchill Downs Incorporated ("CDI" or the "Company") has been creating extraordinary entertainment experiences for over 150 years, beginning with the Company's most iconic and enduring asset, the Kentucky Derby. Headquartered in Louisville, Kentucky, CDI has expanded through the development of live and historical racing entertainment venues, the growth of the horse racing online wagering business, expanded pari-mutuel content and technology services to B2C platforms, and the operation and development of regional casino gaming properties.

We conduct our business through three reportable segments: Live and Historical Racing, Wagering Services and Solutions, and Gaming. We aggregate our other businesses as well as certain corporate operations in All Other.

## Key Indicators to Evaluate Business Results and Financial Condition

Our management monitors a variety of key indicators to evaluate our business results and financial condition. These indicators include changes in net revenue, operating expense, operating income, earnings per share, outstanding debt balance, operating cash flow, and capital spend.

Our consolidated financial statements have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP"). We also use non-GAAP measures, including EBITDA (earnings before interest, taxes, depreciation and amortization) and Adjusted EBITDA. We believe that the use of Adjusted EBITDA as a key performance measure of results of operations enables management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Our chief operating decision maker utilizes Adjusted EBITDA to evaluate segment performance, develop strategy, and allocate resources. Adjusted EBITDA is a supplemental measure of our performance that is not required by, or presented in accordance with, GAAP. Adjusted EBITDA should not be considered as an alternative to, or more meaningful than, net income (as determined in accordance with GAAP) as a measure of our operating results.

Adjusted EBITDA is defined as earnings before interest, taxes, depreciation and amortization, adjusted for the following:

Adjusted EBITDA includes our portion of EBITDA from our equity investments and the portion of EBITDA attributable to noncontrolling interests.

Adjusted EBITDA excludes:

- Transaction expense, net, which includes:
  - Acquisition, disposition, and property sale related charges; and

## Governmental Regulations and Legislative Changes

We are subject to various federal, state, and international laws and regulations that affect our businesses. The ownership, operation, and management of our Live and Historical Racing, Wagering Services and Solutions, and Gaming segments, as well as our other operations, are subject to regulation under the laws and regulations of each of the jurisdictions in which we operate. The ownership, operation, and management of our businesses and properties are also subject to legislative actions at both the federal and state level. The following update on our regulatory and legislative actions should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2025, including Part I - Item 1, "Business" for a discussion of regulatory and legislative changes.

## Specific State Gaming Regulations

### Louisiana

In Louisiana, the 2021 Historical Horse Racing Act (the "2021 HHR Act") allows off-track betting facilities ("OTBs") to have up to 50 HRMs in each OTB. The Company installed approximately 500 HRMs across our 13 OTBs after the 2021 HHR Act was approved. On October 25, 2022, a number of individual plaintiffs associated with video poker and truck stops, filed a lawsuit in the 19th Judicial District Court in East Baton Rouge, Louisiana, against certain racetracks in Louisiana, including our Fair Grounds Race Course and Slots business, alleging that the 2021 HHR Act was unconstitutional to the extent it purports to permit historical racing in a parish without a referendum.

On February 23, 2024, the judge issued a ruling in favor of plaintiffs granting summary judgment stating that: (i) historical horseracing is a new form of gaming not specifically authorized by law prior to 1996; (ii) historical horseracing may not be conducted in any parish of the state unless voters approve it through referendum; and (iii) the 2021 HHR Act that authorized historical horseracing is unconstitutional. The Louisiana Supreme Court opinion affirming the ruling of the District Court became final and enforceable May 8, 2025. The Company discontinued its HRM operations in Louisiana on May 8, 2025 and moved the HRMs in the Louisiana OTBs to other HRM venues, primarily located in Virginia. The reduction in revenues resulting from the removal of the HRMs from our OTBs in Louisiana has negatively impacted the comparability of the 2026 Louisiana results to the prior year. The results of the HRMs in Louisiana operations were reported in our Gaming segment.

Our wholly-owned gaming properties increased \$4 million from strong performance at our New York venue, partially offset by a \$2 million decrease primarily from the cessation of HRM operations in Louisiana in May 2025.
- All Other Adjusted EBITDA decreased \$5 million primarily due to a reduction of corporate legal-related fees in the prior year quarter and claim development within our captive insurance company.

### Six Months Ended June 30, 2026, Compared to Six Months Ended June 30, 2025

- Live and Historical Racing Adjusted EBITDA increased \$32 million due to a \$14 million increase from Churchill Downs Racetrack, a \$15 million increase from our Kentucky HRM venues, and a \$4 million increase from our Virginia HRM venues, partially offset by a \$1 million decrease at our New Hampshire venues primarily due to the planned closure of our temporary Casino Salem venue during the construction of the Rockingham Grand Casino venue. The Churchill Downs Racetrack increase was primarily due to a record-breaking Derby Week, including increased NBC broadcast revenue, increased ticketing revenue, increased sponsorship and licensing revenue, and increased wagering revenue, partially offset by higher operating expenses. The Kentucky HRM increase was due to a \$6 million increase from our Northern Kentucky venues, a \$5 million increase from our Western Kentucky venues, a \$2 million increase from our Southwestern Kentucky venues, and a \$3 million increase from our Louisville venues. The Virginia HRM increase was primarily due to an \$11 million net increase from our Northern Virginia venues, and a \$2 million net increase from our Western Virginia and Southern Virginia venues, partially offset by a \$9 million net decrease from our Central Virginia venues primarily from increased competition.

- Wagering Services and Solutions Adjusted EBITDA increased \$8 million due to a \$5 million increase from our Horse Racing business, a \$2 million increase in online and retail sports betting, and a \$1 million increase from our Exakta business.
- Gaming Adjusted EBITDA increased \$5 million due to a \$6 million increase from strong performance at Rivers Des Plaines in Illinois and Miami Valley Gaming in Ohio. Our wholly-owned gaming properties increased \$7 million from our New York and Maryland venues, offset by a \$8 million decrease from our other eight wholly-owned gaming venues.
- All Other Adjusted EBITDA decreased \$7 million primarily due to a reduction of corporate legal-related fees in the prior year and claim development within our captive insurance company.

#### Consolidated Balance Sheet

The following is a summary of our overall financial position:

| (in millions)     | June 30, 2026 | December 31, 2025 | Change |
|-------------------|---------------|-------------------|--------|
| Total assets      | \$ 7,521      | \$ 7,485          | \$ 36  |
| Total liabilities | 6,130         | 6,429             | (299)  |
| Total equity      | 1,341         | 1,010             | 331    |

Significant items affecting the comparability of our Condensed Consolidated Balance Sheets include:

- Total assets increased \$36 million driven by an increase in restricted cash, accounts receivable, and other current assets, including prepaid insurance and information technology related items. These increases were partially offset by a decrease in income taxes receivable.

- Total liabilities decreased \$299 million driven primarily by a decrease in the outstanding balance on the Revolver, which is included in long-term debt, and decreases in current deferred revenue due to the recognition of revenue related to the 152nd Kentucky Derby, and a decrease in dividends payable due to the payment of the annual dividend. These decreases were partially offset by an increase in accounts payable, income taxes payable and deferred income taxes.
- Total equity increased \$331 million driven by net income.

### Six Months Ended June 30, 2026, Compared to the Six Months Ended June 30, 2025

- Cash flows provided by operating activities increased \$25 million driven primarily by an increase in net income and deferred taxes, partially offset by a decrease in income taxes. We anticipate that cash flows from operations and availability of borrowings under our credit facility over the next twelve months will be adequate to fund our business operations and capital expenditures.
- Cash flows used in investing activities decreased \$47 million primarily driven by decreased capital expenditures in 2026.
- Cash flows used in financing activities increased \$100 million primarily driven by an increase in paydowns of the Revolver offset by the reduction of share repurchases in 2026.

We have announced several project capital investments, including the following: Rockingham Grand Casino in New Hampshire and Victory Run at Churchill Downs Racetrack. We currently expect our project capital to be approximately \$180 to \$220 million in 2026, although this amount may vary significantly based on the timing of work completed, unanticipated delays, and timing of payments to third parties.

### Common Stock Repurchase Program

On July 22, 2025, the Board of Directors of the Company approved a common stock repurchase program of up to \$500 million (the "July 2025 Stock Repurchase Program"). The July 2025 Stock Repurchase Program includes and is not in addition to the \$169 million previously remaining under the March 2025 Stock Repurchase Program. Share repurchases may be made at management's discretion from time to time in the open market (either with or without a 10b5-1 plan) or through privately negotiated transactions. The repurchase program has no time limit and may be suspended or discontinued at any time. We had approximately \$430 million of repurchase authority remaining under the July 2025 Stock Repurchase Program at June 30, 2026, based on trade date.

On March 12, 2025, the Board of Directors of the Company approved a new common stock repurchase program of up to \$500 million (the "March 2025 Stock Repurchase Program"). The March 2025 Stock Repurchase Program included and was not in addition to any unspent amount remaining under the prior authorization. As described above, the March 2025 Stock Repurchase Program has since been replaced by the July 2025 Stock Repurchase Program.

### ***Credit Agreement***

At June 30, 2026, the Company's senior secured credit facility (as amended from time to time, the "Credit Agreement") consisted of a \$1.2 billion revolving credit facility (the "Revolver"), \$284 million senior secured term loan B-1 (the "Term Loan B-1"), \$1.1 billion senior secured term loan A (the "Term Loan A"), and \$100 million swing line commitment. On July 3, 2024, the Company closed an amendment of the Credit Agreement to (i) extend the maturity date of the Revolver and Term Loan A from 2027 to 2029 and (ii) amend certain other provisions to the Credit Agreement.

On February 14, 2025, the Company announced that it closed the seventh amendment of the Credit Agreement. The seventh amendment to the Credit Agreement (i) reduced the interest rate margin applicable to the Term Loan B-1 by 0.25%, from Secured Overnight Financing Rate ("SOFR") plus 200 basis points to SOFR plus 175 basis points, (ii) eliminated the 0.10% credit spread adjustment previously applicable to the Term Loan B-1, and (iii) made certain other amendments to the Credit Agreement, as set forth therein.

The Term Loan B-1 requires quarterly payments of 0.25% of the original \$300 million balance. The Term Loan B-1 may be subject to additional mandatory prepayment from excess cash flow on an annual basis per the provisions of the Credit Agreement.

The Revolver and Term Loan A bear interest at SOFR plus 10 basis points, plus a variable applicable margin which is determined by the Company's net leverage ratio. As of June 30, 2026, that applicable margin was 150 basis points which was based on the pricing grid in the Credit Agreement. The Company had \$861 million available borrowing capacity, after consideration of \$10 million in outstanding letters of credit, under the Revolver as of June 30, 2026.

The Company is required to pay a commitment fee on the unused portion of the Revolver as determined by a pricing grid based on the consolidated total net secured leverage ratio of the Company. For the period ended June 30, 2026, the Company's commitment fee rate was 0.25%.

The estimated contractual payments, including interest, under the Credit Agreement for the next twelve months are estimated to be \$152 million assuming no change in the weighted average borrowing rate of 5.27%, which was in place as of June 30, 2026. During the six months ended June 30, 2026, we had repayments of principal and interest on the Credit Agreement of \$1.1 billion.

### **Other Contractual Obligations**

The Company is exploring options to fund upcoming senior note maturities through a combination of cash on hand, cash generated from operations, available capacity under its revolving credit facility, and raising funds via debt markets. Our ability to raise debt and the terms under which we would fund the obligations are subject to our ability to access the debt markets and other economic conditions.

## **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

We are exposed to market risks arising from adverse changes in:

- general economic trends; and
- interest rate and credit risk.

### **General economic trends**

Our business is sensitive to consumer confidence and reductions in consumers' discretionary spending, which may result from challenging economic conditions, interest rate fluctuations, unemployment levels and other changes in the economy. Demand for entertainment and leisure activities is sensitive to consumers' disposable incomes, which can be adversely affected by economic conditions and unemployment levels. This could result in fewer patrons visiting our racetracks, HRM entertainment venues, online wagering sites, and gaming facilities, and/or may impact our customers' ability to wager with the same frequency and to maintain wagering levels.

### ***Interest rate and credit risk***

Our primary exposure to market risk relates to changes in interest rates. On June 30, 2026, we had \$1.7 billion outstanding under our Credit Agreement, which bears interest at SOFR based variable rates. We are exposed to market risk on variable rate debt due to potential adverse changes in these rates. Assuming the outstanding balance of the debt facility remains constant, a one-percentage point increase in the SOFR rate would reduce net income and cash flows from operating activities by \$13 million.

## **ITEM 4. CONTROLS AND PROCEDURES**

### ***Evaluation of Disclosure Controls and Procedures***

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures.

As required by the Securities and Exchange Commission Rule 13a-15(e), we carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of June 30, 2026. Based upon the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective.

### ***Changes in Internal Control over Financial Reporting***

During the quarter ended March 31, 2026, the Company completed the implementation of a new financial reporting system. In connection with the implementation, the Company modified and enhanced its controls and reporting capabilities. Management believes the controls are appropriately designed and will continue to evaluate the effectiveness of its information technology and overall controls. There have been no other changes in our internal control over financial reporting, as defined in Rule 13a-15(f) of the Act, during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
