1. DESCRIPTION OF BUSINESS

Basis of Presentation

The Churchill Downs Incorporated (the "Company", "we", "us", "our") financial statements are presented in conformity with the requirements of this Quarterly Report on Form 10-Q and consequently do not include all of the disclosures normally required by U.S. generally accepted accounting principles ("GAAP") or those normally made in our Annual Report on Form 10-K. The December 31, 2019 condensed consolidated balance sheet data was derived from audited financial statements but does not include all disclosures required by GAAP.

The following information is unaudited. All per share amounts assume dilution unless otherwise noted. This report should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2019.

In the opinion of management, all adjustments necessary for a fair statement of this information have been made, and all such adjustments are of a normal, recurring nature.

We conduct our business through three reportable segments: Churchill Downs, Online Wagering, and Gaming. We aggregate our other businesses as well as certain corporate operations, and other immaterial joint ventures, in All Other. We report net revenue and operating expense associated with these reportable segments in the accompanying condensed consolidated statements of comprehensive income.

Recent Developments Regarding COVID-19

In recent months, a new strain of coronavirus (COVID-19) has spread to many countries in the world, including the United States, and the outbreak has been declared a pandemic by the World Health Organization. The U.S. Secretary of Health and Human Services has also declared a public health emergency in the United States in response to the outbreak. Considerable uncertainty still surrounds the COVID-19 virus and its potential effects, and the extent of and effectiveness of responses taken on international, national and local levels. Measures taken to limit the impact of COVID-19, including shelter-in-place orders, social distancing measures, travel bans and restrictions, and business and government shutdowns, have already resulted in significant negative economic impacts in the United States and in relation to our business. The long-term impact of COVID-19 on the United States and world economies remains uncertain, the duration and scope of which cannot currently be predicted.

In response to the measures taken to limit the impact of COVID-19 described above, and for the protection of our employees, customers, and communities, we have temporarily closed or suspended operations at the following properties, effective as of the following dates:

Churchill Downs

- Simulcast operations at Churchill Downs Racetrack on March 15, 2020.
- Derby City Gaming on March 15, 2020.

Wholly-Owned Properties

- Calder Casino and Racing ("Calder") on March 16, 2020.
- Fair Grounds Slots and Video Services, LLC ("VSI") on March 16, 2020.
- Fair Grounds Race Course conducted spectator-free live racing, including the Louisiana Derby, from March 13, 2020 through March 21, 2020 and canceled the remainder of racing dates.
- Harlow's Casino Resort and Spa ("Harlow's") on March 16, 2020.
- Ocean Downs Casino and Racetrack ("Ocean Downs") on March 15, 2020.
- Oxford Casino and Hotel ("Oxford") on March 16, 2020.
- Presque Isle Downs and Casino ("Presque Isle") on March 16, 2020.
- Riverwalk Casino Hotel ("Riverwalk") on March 16, 2020.

Managed Properties

- Lady Luck Casino Nemaquin ("Lady Luck Nemaquin") on March 16, 2020.

Equity Investments

- Rivers Casino Des Plaines ("Rivers Des Plaines") on March 15, 2020.
- Miami Valley Gaming and Racing ("MVG") on March 14, 2020.

(Unaudited)

All Other

- Arlington International Racecourse ("Arlington") off track betting facilities ("OTBs") and simulcast operations on March 16, 2020.
- Turfway Park conducted spectator-free live racing from March 12, 2020 through March 25, 2020 and canceled the remainder of racing dates.

On March 25, 2020, as a result of the temporary closures and suspended operations described above, the Company announced the temporary furlough of employees at its wholly-owned gaming properties and certain wholly-owned racing operations. The Company is continuing to provide health, dental, vision and life insurance benefits to furloughed employees at our wholly-owned properties. The Company also implemented a salary reduction for all remaining non-furloughed salaried employees based on a percentage that varies dependent upon the amount of each employee's salary. The most senior level of executive management has received the largest salary decrease, based on both percentage and dollar amount. The salary reductions will remain in effect until the Company begins to return to normalized operations.

There have been a number of other aspects of our business that have been impacted by COVID-19 during the three months ended March 31, 2020, including the following:

- The Company rescheduled the 146th Kentucky Oaks and Derby from May 1-2, 2020 to September 4-5, 2020.
- Starting in mid-February 2020, U.S. and international sporting events were cancelled, which reduced our sports betting options for our customers.
- Horse racing content for wagering on our TwinSpires business ("TwinSpires") decreased, although handle increased as our customers wagered more on the content that was available.

Financial Status and Outlook

The Company has temporarily reduced its planned maintenance and project capital expenditures for 2020 as a result of the temporary property and operations closures and our prioritization of capital investments based on the highest near-term return opportunities in order to maintain financial flexibility.

On March 16, 2020, we borrowed \$675.4 million on our revolving credit facility (the "Revolver") pursuant to the Credit Agreement (defined below) to provide the Company with additional financial flexibility, which provided the Company with \$700.9 million of cash and cash equivalents as of March 31, 2020. The Company was in compliance with all applicable covenants in the Credit Agreement at March 31, 2020.

On April 28, 2020, the Company entered into a Second Amendment to its Credit Agreement, which (i) provides for a financial covenant relief period through the date on which the Company delivers its quarterly financial statements and compliance certificate for the fiscal quarter ending June 30, 2021, subject to certain exceptions (the "Financial Covenant Relief Period"), (ii) amends the definition of "Consolidated EBITDA" in the Credit Agreement with respect to the calculation of Consolidated EBITDA for the first two fiscal quarters after the termination of the Financial Covenant Relief Period, (iii) extends certain deadlines and makes certain other amendments to the Company's financial reporting obligations, (iv) places certain restrictions on restricted payments during the Financial Covenant Relief Period, and (v) amends the definitions of "Material Adverse Effect" and "License Revocation" in the Credit Agreement to take into consideration COVID-19.

During the Financial Covenant Relief Period, the Company will not be required to comply with its existing consolidated total secured net leverage ratio financial covenant and the interest coverage ratio financial covenant. The Company has agreed to a minimum liquidity financial covenant that requires the Company and its restricted subsidiaries to maintain liquidity of at least \$150.0 million during the Financial Covenant Relief Period.

We continue to assess the situation at our properties and operations on a daily basis; however, we are unable to determine when we will be able to reopen our properties and operations and the conditions upon which we will reopen. Our second quarter of 2020 financial results will be materially impacted by the rescheduling of the Kentucky Oaks and Derby from the second quarter of 2020 to the third quarter of 2020, by the continued closure and suspended operations of our wholly-owned gaming properties and certain wholly-owned racing operations, and by the continued closure of the casino properties related to our two equity investments.

Based on our current projected operating cash flow needs, interest and debt repayments, and revised maintenance and project capital expenditures, we believe we have adequate cash for at least the next twelve months to fund our business operations, meet all of our financial commitments, and invest in key growth capital projects.

Acquisitions of Presque Isle and Lady Luck Nemacolin

On January 11, 2019, we completed the acquisition of Presque Isle located in Erie, Pennsylvania from Eldorado Resorts, Inc. ("ERI") for cash consideration of \$178.9 million (the "Presque Isle Transaction") and \$1.6 million of working capital and other purchase price adjustments.

On March 8, 2019, the Company assumed management and acquired certain assets related to the management of Lady Luck Nemacolin in Farmington, Pennsylvania, from ERI for cash consideration of \$100,000 (the "Lady Luck Nemacolin Transaction").

Acquisition of Certain Ownership Interests of Midwest Gaming Holdings, LLC

On March 5, 2019, the Company completed the acquisition of certain ownership interests of Midwest Gaming Holdings, LLC ("Midwest Gaming"), the parent company of Rivers Des Plaines in Des Plaines, Illinois to acquire approximately 42% of Midwest Gaming from affiliates and co-investors of Clairvest Group Inc. ("Clairvest") and members of High Plains Gaming, LLC ("High Plains"), an affiliate of Rush Street Gaming, LLC and Casino Investors, LLC ("Casino Investors") for cash consideration of approximately \$406.6 million and \$3.5 million of certain transaction costs and working capital adjustments (the "Sale Transaction"). Following the closing of the Sale Transaction, the parties completed a recapitalization transaction on March 6, 2019 (the "Recapitalization"), pursuant to which Midwest Gaming used approximately \$300.0 million in proceeds from amended and extended credit facilities to redeem, on a pro rata basis, additional Midwest Gaming units held by High Plains and Casino Investors. As a result of the Recapitalization, the Company's ownership of Midwest Gaming increased to 61.3%. High Plains retained ownership of 36.0% of Midwest Gaming and Casino Investors retained ownership of 2.7% of Midwest Gaming.

We also recognized a \$103.2 million deferred tax liability and a corresponding increase in our investment in unconsolidated affiliates related to an entity we acquired in conjunction with our acquisition of the Clairvest ownership stake in Midwest Gaming.

Refer to Note 14, Investments in and Advances to Unconsolidated Affiliates, for further information on the Midwest Gaming transactions.

Turfway Park Acquisition

The Company completed the acquisition of Turfway Park from Jack Entertainment LLC ("JACK") and Hard Rock International ("Hard Rock") on October 9, 2019 for total consideration of \$46.0 million in cash ("Turfway Park Acquisition"). Turfway Park is located on 197 acres in Florence, Kentucky. The Company has announced plans and has begun to invest up to \$150.0 million (including the Turfway Park Acquisition total consideration of \$46.0 million) in a state-of-the-art live and historical thoroughbred racing facility at Turfway Park.

Refer to Note 4, Acquisitions, for further information on the Turfway Park Acquisition.

Seasonality

Churchill Downs

Due to the seasonal nature of our live racing business at Churchill Downs Racetrack, revenue and operating results for any interim quarter are generally not indicative of the revenues and operating results for the year and may not be comparable with results for the corresponding period of the previous year. Historically, the majority of our live racing revenue occurs during the second quarter with the running of the Kentucky Derby and Kentucky Oaks. However, as announced on March 17, 2020, due to the COVID-19 pandemic, the Company rescheduled the 146th Kentucky Oaks and Kentucky Derby from May 1, 2020 and May 2, 2020 to September 4, 2020 and September 5, 2020, respectively.

Online Wagering

Due to the seasonal nature of the racing business, revenue and operating results for any interim quarter are generally not indicative of the revenues and operating results for the year and may not be comparable with results for the corresponding period of the previous year. Historically, our revenue is higher in the second quarter with the running of the Kentucky Derby and the Kentucky Oaks. However, as announced on March 17, 2020, due to the COVID-19 pandemic, the Company rescheduled the 146th Kentucky Oaks and Kentucky Derby from May 1, 2020 and May 2, 2020 to September 4, 2020 and September 5, 2020, respectively.

2. RECENT ACCOUNTING PRONOUNCEMENTS

Recent Accounting Pronouncement - Adopted on January 1, 2020

In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-13, Financial Instruments - Credit Losses, ("ASC 326") which introduces a new model for recognizing credit losses on financial instruments based on an estimate of current expected credit losses. The new model will apply to: (1) loans, accounts receivable, trade receivables, and other financial assets measured at amortized cost, (2) loan commitments and certain other off-balance sheet credit exposures, (3) debt securities and other financial assets measured at fair value through other comprehensive income, and (4) beneficial interests in securitized financial assets. We adopted ASC 326 on January 1, 2020 using the modified retrospective approach. We recognized the cumulative effect of applying ASC 326 as an opening balance sheet adjustment at January 1, 2020. The comparative information has not been retrospectively adjusted and continues to be reported under the accounting standards in effect for those periods. The adoption of ASC 326 did not have a material impact on our business and therefore we have not included the disclosure requirements of ASC 326 in this Quarterly Report on Form 10-Q.

In January 2017, the FASB issued ASU No. 2017-04, Intangibles - Goodwill and Other: Simplifying the Test for Goodwill Impairment. This new guidance simplifies the accounting for goodwill impairments by removing step two from the goodwill impairment test. Instead, if the carrying amount of a reporting unit exceeds its fair value, an impairment loss shall be recognized in an amount equal to that excess. We adopted this guidance on January 1, 2020. The new guidance did not result in a cumulative adjustment upon adoption and the fair value of our Presque Isle reporting unit exceeded the carrying amount in our March 31, 2020 trigger event testing (refer to Note 7, Asset Impairment, for further information). As a result, there was no impairment recognized under the new guidance for the period ended March 31, 2020.

In August 2018, the FASB issued ASU No. 2018-15, Intangibles - Goodwill and Other: Internal-Use Software, which aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software. The new guidance also requires an entity to expense the capitalized implementation costs of a hosting arrangement over the term of the hosting arrangement. We adopted this guidance on January 1, 2020. This guidance is consistent with our current accounting policies, and therefore our adoption of this guidance did not have a material impact on our business.

3. SIGNIFICANT ACCOUNTING POLICIES

Except for the accounting policy for the allowance for doubtful accounts receivable described below, which was updated as a result of our adoption of ASC 326 on January 1, 2020, as described in Note 2, Recent Accounting Pronouncements, there have been no changes to our significant accounting policies described in the Annual Report on Form 10-K for the year ended December 31, 2019.

Allowance for Doubtful Accounts Receivable

Upon our adoption of ASC 326 on January 1, 2020, we maintained an allowance for doubtful accounts for current expected credit losses on our financial assets measured at amortized cost which are primarily included in accounts receivable, net in the accompanying condensed consolidated balance sheets. The Company evaluates current expected credit losses on a collective (pool) basis when similar risk characteristics exist. Write-offs are recognized when the Company concludes that all or a portion of a financial asset is no longer collectible. Any subsequent recovery is recognized when it occurs.

4. ACQUISITIONS

Turfway Park

On October 9, 2019, the Company completed the Turfway Park Acquisition for total consideration of \$46.0 million. Of the total consideration paid, \$36.0 million was allocated to JACK and accounted for as a business combination. The remaining \$10.0 million was paid to Hard Rock for the assignment of the purchase and sale agreement rights and was accounted for separately from the business combination as an intangible asset and amortized through expense in the fourth quarter of 2019.

The cash purchase price paid to JACK was \$36.0 million, less \$0.9 million of working capital and purchase price adjustments. The preliminary fair values of the assets acquired and liabilities assumed, net of cash acquired of \$0.6 million, at the date of acquisition were as follows: property and equipment (primarily land) of \$18.8 million, indefinite-lived gaming rights of \$9.8 million, indefinite-lived trademark of \$5.5 million, goodwill of \$3.0 million, and current liabilities of \$2.6 million.

The Company has not included other disclosures regarding the Turfway Park Acquisition because the acquisition is immaterial to our business.

5. DISCONTINUED OPERATIONS

On November 29, 2017, the Company entered into a definitive Stock Purchase Agreement (the "Stock Purchase Agreement") to sell its mobile gaming subsidiary, Big Fish Games, Inc. ("Big Fish Games"), a Washington corporation, to Aristocrat Technologies, Inc. (the "Purchaser"), a Nevada corporation, an indirect, wholly owned subsidiary of Aristocrat Leisure Limited, an Australian corporation (the "Big Fish Transaction"). On January 9, 2018, pursuant to the Stock Purchase Agreement, the Company completed the Big Fish Transaction. The Purchaser paid aggregate consideration of \$990.0 million in cash in connection with the Big Fish Transaction, subject to customary adjustments for working capital and indebtedness and certain other adjustments as set forth in the Stock Purchase Agreement.

The Big Fish Games segment and the related Big Fish Transaction meet the criteria for discontinued operation presentation. The condensed consolidated statements of comprehensive income and the notes to financial statements reflect Big Fish Games as discontinued operations for all periods presented. Unless otherwise specified, disclosures in these condensed consolidated financial statements reflect continuing operations only. 7. ASSET IMPAIRMENT

During the quarter ended March 31, 2020, the Company evaluated whether events or circumstances changed that would indicate it is more likely than not that any of its intangible assets, goodwill, or property and equipment, were impaired ("Trigger Event"), or if there were any other than temporary impairments of our equity investments. Factors considered in this evaluation included, among other things, the amount of the fair value over carrying value from the annual impairment testing performed as of April 1, 2019, changes in carrying values, changes in discount rates, and the impact of temporary property closures due to the COVID-19 pandemic on cash flows. Based on the Company's evaluation, the Company concluded that a Trigger Event occurred related to the Presque Isle gaming rights, trademark, and the reporting unit's goodwill due to the impact and uncertainty of the COVID-19 pandemic and the recent closing of the Presque Isle Transaction in 2019.

The initial fair value of Presque Isle gaming rights in the first quarter of 2019 was determined using the Greenfield Method, which is an income approach methodology that calculates the present value based on a projected cash flow stream. This method assumes that the Presque Isle gaming rights provide the opportunity to develop a casino and online wagering platform in a specified region, and that the present value of the projected cash flows are a result of the realization of advantages contained in these rights. Under this methodology, the acquirer is expected to absorb all start-up costs, as well as incur all expenses pertaining to the acquisition and/or the creation of all tangible and intangible assets. The estimated future revenue, operating expenses, start-up costs, and discount rate were the primary inputs in the valuation.

Based on the Trigger Event, the Company updated the discount rate to reflect the increased uncertainty of the cash flows and updated the projected cash flow stream. As a result, the Company recognized an impairment of \$15.0 million in first quarter of 2020 for its Presque Isle gaming rights (\$12.5 million related to the Gaming segment and \$2.5 million related to the Online Wagering segment).

The Presque Isle trademark was initially valued in first quarter of 2019 using the relief-from-royalty method of the income approach, which estimates the fair value of the intangible asset by discounting the fair value of the hypothetical royalty payments a market participant would be willing to pay to enjoy the benefits of the asset. The estimated future revenue, royalty rate, and discount rate were the primary inputs in the valuation of the trademark.

Based on the Trigger Event, the Company updated the discount rate to reflect the increased uncertainty of the cash flows and updated projected cash flow stream. As a result, the Company recognized an impairment of \$2.5 million in first quarter of 2020 for its Presque Isle trademark.

The fair value of the Presque Isle reporting unit's goodwill was determined under the market and income valuation approaches using inputs primarily related to discounted projected cash flows and price multiples of publicly traded comparable companies.

In accordance with Accounting Standards Codification 350, Intangibles - Goodwill and Other, the Company performed its impairment testing of the Presque Isle gaming rights and trademark prior to testing Presque Isle goodwill. Based on the Trigger Event, the Company updated the discount rate to reflect the increased uncertainty of the cash flows and updated project cash flow stream. As a result, the Company did not recognize an impairment for Presque Isle goodwill in first quarter of 2020 because the fair value exceeded the carrying value.

8. INCOME TAXES

The Company's effective income tax rate for the three months ended March 31, 2020 reflects a tax benefit on a pretax loss. The income tax rate was higher than the U.S. federal statutory rate of 21.0% primarily resulting from tax benefits recognized during a period of pretax loss related to state income taxes and tax deductions in excess of book deductions related to vesting of restricted stock units.

The Company's effective income tax rate for the three months ended March 31, 2019 was higher than the U.S. federal statutory rate of 21.0%, primarily due to \$2.8 million of future income tax expenses recognized from the re-measurement of our net deferred tax liabilities based on an increase in income attributable to states with higher tax rates compared to the prior year quarter, as well as state income taxes and certain non-deductible expenses for purposes of income taxes. This expense was partially offset by tax benefits resulting from tax deductions in excess of book deductions related to vesting of restricted stock units.

9. SHAREHOLDERS' EQUITY

On October 30, 2018, the Board of Directors of the Company approved a new common stock repurchase program of up to \$300.0 million. The new program replaced the prior \$250.0 million program that was authorized in April 2017 and had unused authorization of \$78.3 million. The new authorized amount includes and is not in addition to any unspent amount

remaining under the prior authorization. Repurchases may be made at management's discretion from time to time on the open market (either with or without a 10b5-1 plan) or through privately negotiated transactions. The repurchase program has no time limit and may be suspended or discontinued at any time.

For the three months ended March 31, 2020, we repurchased 235,590 shares of our common stock under the October 2018 stock repurchase program at an aggregate purchase price of \$27.9 million based on trade date. We had approximately \$147.1 million of repurchase authority remaining under this program at March 31, 2020, based on trade date.

10. STOCK-BASED COMPENSATION PLANS

We have stock-based employee compensation plans with awards outstanding under the Churchill Downs Incorporated 2016 Omnibus Stock Incentive Plan (the "2016 Plan") and the Executive Long-Term Incentive Compensation Plan, which was adopted pursuant to the 2016 Plan. Our total stock-based compensation expense, which includes expenses related to restricted stock awards ("RSAs"), restricted stock unit awards ("RSUs"), performance share unit awards ("PSUs"), and stock options associated with our employee stock purchase plan was \$4.3 million for the three months ended March 31, 2020 and \$4.7 million for the three months ended March 31, 2019.

During the three months ended March 31, 2020, the Company awarded RSUs to employees and RSUs and PSUs to certain named executive officers ("NEOs"). The vesting criteria for the PSU awards granted in 2020 were based on a three-year service period with two performance conditions and a market condition related to relative total shareholder return ("TSR") consistent with prior year grants. The total compensation cost we will recognize under the PSUs will be determined using the Monte Carlo valuation methodology, which factors in the value of the TSR market condition when determining the grant date fair value of the PSU. Compensation cost for each PSU is recognized during the performance and service period based on the probable achievement of the two performance criteria. The PSUs are converted into shares of our common stock at the time the PSU award value is finalized.

On February 12, 2020, the Compensation Committee of the Board of Directors offered, and the NEOs accepted, to settle the 2017 PSU Awards in cash.

A summary of the RSUs and PSUs granted during 2020 is presented below (units in thousands):

Grant Year	Award Type	Number of Units Awarded	Vesting Terms
2020	RSU	44	Vest equally over three service periods ending in 2021, 2022, and 2023
2020	RSU	37	Vest equally over three service periods ending in 2020, 2021, and 2022
2020	PSU	37	Three year performance and service period ending in 2022

11. DEBT

Credit Agreement

On March 16, 2020, the Company entered into a First Amendment (the "First Amendment") to its Credit Agreement (as amended, the "Credit Agreement"), dated December 27, 2017, among the Company, the subsidiary guarantors party thereto, JPMorgan Chase Bank, N.A., as Administrative Agent, and the lenders and other financial institutions party thereto.

The First Amendment extends the maturity for the Company's Revolver to at least September 27, 2024, which is 91 days prior to the latest maturity date of the Company's term loan facility on December 27, 2024. Previously, the maturity date of the revolving credit facility was December 27, 2022.

The interest rates applicable to the Company's borrowings under the Credit Agreement are LIBOR-based plus a spread, determined by the Company's consolidated total net leverage ratio. The First Amendment, among other things, lowers the upper limit of the applied spreads with respect to revolving loans from 2.25% to 1.75% and for commitment fees with respect thereto from 0.35% to 0.30%, and generally offers a reduced pricing schedule for outstanding borrowings and commitment fees with respect to the Revolver across all other leverage pricing levels. The interest rates applicable to borrowings under the facilities are LIBOR-based plus a spread, determined by the Company's consolidated total net leverage ratio. The First Amendment does not alter the Company's borrowing capacity.

The Company capitalized \$1.1 million of debt issuance costs associated with the First Amendment which are amortized as interest expense over the remaining duration of the Revolver.

Churchill Downs Incorporated

(Unaudited)

On March 16, 2020, we borrowed \$675.4 million on our Revolver to provide the Company with additional financial flexibility, which provided the Company with \$700.9 million of cash and cash equivalents as of March 31, 2020. The Company was in compliance with all applicable covenants in the Credit Agreement at March 31, 2020.

On April 28, 2020, the Company entered into a Second Amendment to its Credit Agreement, which (i) provides for a financial covenant relief period through the date on which the Company delivers its quarterly financial statements and compliance certificate for the fiscal quarter ending June 30, 2021, subject to certain exceptions (the "Financial Covenant Relief Period"), (ii) amends the definition of "Consolidated EBITDA" in the Credit Agreement with respect to the calculation of Consolidated EBITDA for the first two fiscal quarters after the termination of the Financial Covenant Relief Period, (iii) extends certain deadlines and makes certain other amendments to the Company's financial reporting obligations, (iv) places certain restrictions on restricted payments during the Financial Covenant Relief Period, and (v) amends the definitions of "Material Adverse Effect" and "License Revocation" in the Credit Agreement to take into consideration COVID-19.

During the Financial Covenant Relief Period, the Company will not be required to comply with its existing consolidated total secured net leverage ratio financial covenant and the interest coverage ratio financial covenant. The Company has agreed to a minimum liquidity financial covenant that requires the Company and its restricted subsidiaries to maintain liquidity of at least \$150.0 million during the Financial Covenant Relief Period.

12. REVENUE FROM CONTRACTS WITH CUSTOMERS

Performance Obligations

As of March 31, 2020, the Churchill Downs segment had remaining performance obligations, on contracts with a duration greater than one year, with an aggregate transaction price of \$167.5 million. The revenue we expect to recognize on these remaining performance obligations is \$47.5 million for the remainder of 2020, \$37.1 million in 2021, \$31.7 million in 2022, and the remainder thereafter.

As of March 31, 2020, our remaining performance obligations in segments other than Churchill Downs were not material.

Contract Assets and Contract Liabilities

As of March 31, 2020 and December 31, 2019, contract assets were not material.

As of March 31, 2020 and December 31, 2019, contract liabilities were \$119.0 million and \$63.1 million, respectively, which are included in current deferred revenue, non-current deferred revenue, and accrued expense in the accompanying condensed consolidated balance sheets. Contract liabilities primarily relate to the Churchill Downs segment and the increase was primarily due to cash payments received for unfulfilled performance obligations. We recognized \$3.8 million of revenue during the three months ended March 31, 2020 that was included in the contract liabilities balance at December 31, 2019. We recognized \$2.7 million of revenue during the three months ended March 31, 2019 that was included in the contract liabilities balance at December 31, 2018.

Disaggregation of Revenue

In Note 18, Segment Information, the Company has included its disaggregated revenue disclosures as follows:

- For the Churchill Downs segment, revenue is disaggregated between Churchill Downs Racetrack and Derby City Gaming given that Churchill Downs Racetrack's revenues primarily revolve around live racing events while Derby City Gaming's revenues primarily revolve around historical racing events. Within the Churchill Downs segment, revenue is further disaggregated between live and simulcast racing, historical racing, racing event-related services, and other services.
- For the Online Wagering segment, revenue is disaggregated between TwinSpires and online sports betting and iGaming business given that TwinSpires' revenue is primarily related to online pari-mutuel wagering on live race events while online sports betting and iGaming revenue relates to casino gaming service offerings. Online sports betting and iGaming service offerings are currently nominal. Within the Online Wagering segment, revenue is further disaggregated between live and simulcast racing, gaming, and other services.
- For the Gaming segment, revenue is disaggregated by location given the geographic economic factors that affect the revenue of Gaming service offerings. Within the Gaming segment, revenue is further disaggregated between live and simulcast racing, racing event-related services, gaming, and other services.

We believe that these disclosures depict how the amount, nature, timing, and uncertainty of cash flows are affected by economic factors.

14. INVESTMENTS IN AND ADVANCES TO UNCONSOLIDATED AFFILIATES

Midwest Gaming

On March 5, 2019, the Company completed the Sale Transaction to acquire approximately 42% of Midwest Gaming, the parent company of Rivers Des Plaines, for cash consideration of approximately \$406.6 million and \$3.5 million of certain transaction costs and working capital adjustments. Following the closing of the Sale Transaction, the parties completed the Recapitalization pursuant to which Midwest Gaming used approximately \$300.0 million in proceeds from amended and extended credit facilities to redeem, on a pro rata basis, additional Midwest Gaming units held by High Plains and Casino Investors. As a result of the Recapitalization, the Company's ownership of Midwest Gaming increased to 61.3%. High Plains retained ownership of 36.0% of Midwest Gaming and Casino Investors retained ownership of 2.7% of Midwest Gaming.

We also recognized a \$103.2 million deferred tax liability and a corresponding increase in our investment in unconsolidated affiliates related to an entity we acquired in conjunction with our acquisition of the Clairvest ownership stake in Midwest Gaming.

A new limited liability company agreement was entered into by the members of Midwest Gaming as a result of the change in ownership structure. Under the new limited liability company agreement, both the Company and High Plains have participating rights over Midwest Gaming, and both must consent to Midwest Gaming's operating, investing and financing decisions. As a result, we account for Midwest Gaming using the equity method.

The Company's investment in Midwest Gaming is presented at our initial cost of investment plus its accumulated proportional share of income or loss, including depreciation/accretion of the difference in the historical basis of the Company's contribution, less any distributions it has received. As of March 31, 2020, the net aggregate basis difference between the Company's investment in Midwest Gaming and the amounts of the underlying equity in net assets was \$834.0 million.

15. FAIR VALUE OF ASSETS AND LIABILITIES

We endeavor to utilize the best available information in measuring fair value. Financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The following methods and assumptions are used to estimate the fair value of each class of financial instruments for which it is practicable to estimate.

Restricted Cash

Our restricted cash accounts that are held in interest-bearing accounts qualify for Level 1 in the fair value hierarchy, which includes unadjusted quoted market prices in active markets for identical assets.

Debt

The fair value of the Company's 4.75% Senior Notes due 2028 (the "2028 Senior Notes") and 5.375% Senior Notes due 2027 ("2027 Senior Notes") are estimated based on unadjusted quoted prices for identical or similar liabilities in markets that are not active and as such are Level 2 measurements. The fair values of the Company's \$400.0 million Senior Secured Term Loan B (the "Term Loan B") and Revolver under the Credit Agreement approximate the gross carrying value of the variable rate debt and as such are Level 2 measurements.

16. CONTINGENCIES

We are involved in litigation arising in the ordinary course of conducting business. We carry insurance for workers' compensation claims from our employees and general liability for claims from independent contractors, customers and guests. We are self-insured up to an aggregate stop loss for our general liability and workers' compensation coverages.

In accordance with current accounting standards for loss contingencies and based upon information currently known to us, we establish reserves for litigation when it is probable that a loss associated with a claim or proceeding has been incurred and the amount of the loss or range of loss can be reasonably estimated. When no amount within the range of loss is a better estimate than any other amount, we accrue the minimum amount of the estimable loss. To the extent that such litigation against us may have an exposure to a loss in excess of the amount we have accrued, we believe that such excess would not be material to our consolidated financial condition, results of operations, or cash flows. Legal fees are expensed as incurred.

We review all litigation on an ongoing basis when making accrual and disclosure decisions. For certain legal proceedings, we cannot reasonably estimate losses or a range of loss, if any, particularly for proceedings that are in the early stages of development or where the plaintiffs seek indeterminate damages. Various factors, including, but not limited to, the outcome of potentially lengthy discovery and the resolution of important factual questions, may need to be determined before probability can be established or before a loss or range of loss can be reasonably estimated.

If the loss contingency in question is not both probable and reasonably estimable, we do not establish an accrual and the matter will continue to be monitored for any developments that would make the loss contingency both probable and reasonably estimable. In the event that a legal proceeding results in a substantial judgment against, or settlement by us, there can be no assurance that any resulting liability or financial commitment would not have a material adverse impact on our business.

Louisiana Environmental Protection Agency Non-Compliance Issue

On December 6, 2013, we received a notice from the United States Environmental Protection Agency ("EPA") regarding alleged CAFO non-compliance at Fair Grounds Race Course. On October 21, 2019, we reached an agreement in principle, subject to final regulatory and court approval. If approved, the agreement will include a \$2.8 million penalty, which was accrued for in the third quarter of 2019 and is included in accrued expense and other current liabilities in our accompanying condensed consolidated balance sheets at March 31, 2020 and December 31, 2019.

We utilize the Adjusted EBITDA metric to provide a more accurate measure of our core operating results and enable management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Adjusted EBITDA should not be considered as an alternative to operating income as an indicator of performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure provided in accordance with GAAP. Our calculation of Adjusted EBITDA may be different from the calculation used by other companies and, therefore, comparability may be limited. For segment reporting, Adjusted EBITDA includes intercompany revenue and expense totals that are eliminated in the accompanying condensed consolidated statements of comprehensive income.

The tables below present net revenue from external customers and intercompany revenue from each of our segments, net revenue from external customers for each group of similar services, Adjusted EBITDA by segment, and a reconciliation of comprehensive (loss) income to Adjusted EBITDA:

Our Business

Executive Overview

We are an industry-leading racing, online wagering and gaming entertainment company anchored by our iconic flagship event - *The Kentucky Derby*. We own and operate Derby City Gaming, a historical racing machine ("HRM") facility in Louisville, Kentucky. We also own and operate the largest online horse racing wagering platform in the U.S., TwinSpires.com, and we operate sports betting and iGaming through our BetAmerica platform in multiple states. We are also a leader in brick-and-mortar casino gaming with approximately 11,000 slot machines and video lottery terminals ("VLTs") and 200 table games in eight states. We were organized as a Kentucky corporation in 1928, and our principal executive offices are located in Louisville, Kentucky.

Recent Developments Regarding COVID-19

In recent months, a new strain of coronavirus (COVID-19) has spread to many countries in the world, including the United States, and the outbreak has been declared a pandemic by the World Health Organization. The U.S. Secretary of Health and Human Services has also declared a public health emergency in the United States in response to the outbreak. Considerable uncertainty still surrounds the COVID-19 virus and its potential effects, and the extent of and effectiveness of responses taken on international, national and local levels. Measures taken to limit the impact of COVID-19, including shelter-in-place orders, social distancing measures, travel bans and restrictions, and business and government shutdowns, have already resulted in significant negative economic impacts globally and in relation to our business. The long-term impact of COVID-19 on the United States and world economies remains uncertain, the duration and scope of which cannot currently be predicted. Please refer to Part II, Section 1A., "Risk Factors," of this Quarterly Report on Form 10-Q for further information.

In response to the measures taken to limit the impact of COVID-19 described above, and for the protection of our employees, customers, and communities, we have temporarily closed or suspended operations at the following properties, effective as of the following dates:

Churchill Downs

- Simulcast operations at Churchill Downs Racetrack on March 15, 2020.
- Derby City Gaming on March 15, 2020.

- Miami Valley Gaming and Racing ("MVG") on March 14, 2020.

All Other

- Turfway Park conducted spectator-free live racing from March 12, 2020 through March 25, 2020 and canceled the remainder of racing dates.

On March 25, 2020, as a result of the temporary closures and suspended operations described above, the Company announced the temporary furlough of employees at its wholly-owned gaming properties and certain wholly-owned racing operations. The Company is continuing to provide health, dental, vision and life insurance benefits to furloughed employees at our wholly-owned properties. The Company also implemented a salary reduction for all remaining non-furloughed salaried employees based on a percentage that varies dependent upon the amount of each employee's salary. The most senior level of executive management has received the largest salary decrease, based on both percentage and dollar amount. The salary reductions will remain in effect until the Company begins to return to normalized operations.

There have been a number of other aspects of our business that have been impacted by COVID-19 during the three months ended March 31, 2020, including the following:

- The Company rescheduled the 146th Kentucky Oaks and Derby from May 1-2, 2020 to September 4-5, 2020. Kentucky Derby week race dates and related events will begin on September 1, 2020.
- Starting in mid-February 2020, U.S. and international sporting events were cancelled, which reduced our sports betting options for our customers.
- Horse racing content for wagering on our TwinSpires business ("TwinSpires") decreased, although handle increased as our customers wagered more on the content that was available.

Financial Status and Outlook

The Company has temporarily reduced its planned maintenance and project capital expenditures for 2020 as a result of the temporary property and operations closures and our prioritization of capital investments based on the highest near-term return opportunities in order to maintain financial flexibility.

On March 16, 2020, we borrowed \$675.4 million on our revolving credit facility (the "Revolver") pursuant to the Credit Agreement (defined below) to provide the Company with additional financial flexibility, which provided the Company with \$700.9 million of cash and cash equivalents as of March 31, 2020. The Company was in compliance with all applicable covenants in the Credit Agreement at March 31, 2020.

On April 28, 2020, the Company entered into a Second Amendment to its Credit Agreement, which (i) provides for a financial covenant relief period through the date on which the Company delivers its quarterly financial statements and compliance certificate for the fiscal quarter ending June 30, 2021, subject to certain exceptions (the "Financial Covenant Relief Period"), (ii) amends the definition of "Consolidated EBITDA" in the Credit Agreement with respect to the calculation of Consolidated EBITDA for the first two fiscal quarters after the termination of the Financial Covenant Relief Period, (iii) extends certain deadlines and makes certain other amendments to the Company's financial reporting obligations, (iv) places certain restrictions on restricted payments during the Financial Covenant Relief Period, and (v) amends the definitions of "Material Adverse Effect" and "License Revocation" in the Credit Agreement to take into consideration COVID-19.

During the Financial Covenant Relief Period, the Company will not be required to comply with its existing consolidated total secured net leverage ratio financial covenant and the interest coverage ratio financial covenant. The Company has agreed to a minimum liquidity financial covenant that requires the Company and its restricted subsidiaries to maintain liquidity of at least \$150.0 million during the Financial Covenant Relief Period.

We continue to assess the situation at our properties and operations on a daily basis; however, we are unable to determine when we will be able to reopen our properties and operations and the conditions upon which we will reopen. Our second quarter of 2020 financial results will be materially impacted by the rescheduling of the Kentucky Oaks and Derby from the second quarter of 2020 to the third quarter of 2020, by the continued closure and suspended operations of our wholly-owned gaming properties and certain wholly-owned racing operations, and by the continued closure of the casino properties related to our two equity investments.

Based on our current projected operating cash flow needs, interest and debt repayments, and revised maintenance and project capital expenditures, we believe we have adequate cash for at least the next twelve months to fund our business operations, meet all of our financial commitments, and invest in key growth capital projects.

Asset Impairment

During the quarter ended March 31, 2020, the Company evaluated whether events or circumstances changed that would indicate it is more likely than not that any of its indefinite-lived intangible assets, goodwill, or property and equipment, were impaired ("Trigger Event"), or if there were any other than temporary impairments of our equity investments. Factors considered in this evaluation included, among other things, the amount of the fair value over carrying value from the annual

impairment testing performed as of April 1, 2019, changes in carrying values, changes in discount rates, and the impact of temporary property closures due to the COVID-19 pandemic on cash flows. Based on the Company's evaluation, the Company concluded that a Trigger Event occurred related to the Presque Isle gaming rights, trademark, and the reporting unit's goodwill due to the impact and uncertainty of the COVID-19 pandemic and the recent closing of the Presque Isle Transaction in 2019. As a result of the Trigger Event, the Company recognized an impairment of \$15.0 million for its Presque Isle gaming rights intangible asset and an impairment of \$2.5 million for its Presque Isle trademark intangible asset.

Segments

We manage our operations through three reportable segments as follows:

- **Churchill Downs**

The Churchill Downs segment includes live and historical pari-mutuel racing related revenue and expenses at Churchill Downs Racetrack and Derby City Gaming.

Churchill Downs Racetrack is the home of *The Kentucky Derby* and conducts live racing during the year. Derby City Gaming is a historical racing machine facility that operates under the Churchill Downs pari-mutuel racing license at its ancillary training facility in Louisville, Kentucky.

Churchill Downs Racetrack and Derby City Gaming earn commissions primarily from pari-mutuel wagering on live races at Churchill Downs and on historical races at Derby City Gaming; simulcast fees earned from other wagering sites; admissions, personal seat licenses, sponsorships, television rights, and other miscellaneous services (collectively "racing event-related services"), as well as food and beverage services.

- **Online Wagering**

The Online Wagering segment includes the revenue and expenses for the TwinSpire business ("TwinSpire") and the online sports betting and iGaming business.

TwinSpire operates our online horse racing wagering business on TwinSpire.com, BetAmerica.com and other Company platforms; facilitates high dollar wagering by international customers ("Velocity"); and provides the platform for horse racing statistical data generated by our information business that provides data and processing services to the equine industry ("Brisnet").

Our sports betting and iGaming business includes the online BetAmerica sports betting and casino gaming operations.

- **Gaming**

The Gaming segment includes revenue and expenses for the casino properties and associated racetrack or jai alai facilities which support the casino license. The Gaming segment has approximately 11,000 slot machines and VLTs and 200 table games located in eight states.

The Gaming segment revenue and Adjusted EBITDA includes the following properties:

- Calder
- Fair Grounds Slots, Fair Grounds Race Course, and VSI (collectively, "Fair Grounds and VSI")
- Harlow's
- Lady Luck Nemacolin management agreement
- Ocean Downs
- Oxford
- Presque Isle
- Riverwalk

The Gaming segment Adjusted EBITDA also includes the Adjusted EBITDA related to the Company's equity investments in the following:

- 61.3% equity investment in Midwest Gaming, the parent company of Rivers Des Plaines in Des Plaines, Illinois
- 50% equity investment in MVG

The Gaming segment generates revenue and expenses from slot machines, table games, VLTs, video poker, retail sports betting, ancillary food and beverage services, hotel services, commission on pari-mutuel wagering, racing event-related services, and / or other miscellaneous operations.

We have aggregated the following businesses as well as certain corporate operations, and other immaterial joint ventures in "All Other" to reconcile to consolidated results:

- Arlington
- United Tote
- Oak Grove Racing and Gaming ("Oak Grove")
- Turfway Park
- Corporate

We conduct our business through these reportable segments and report net revenue and operating expense associated with these reportable segments in the accompanying condensed consolidated statements of comprehensive income.

Acquisitions of Presque Isle and Lady Luck Nemaquin

On January 11, 2019, we completed the acquisition of Presque Isle located in Erie, Pennsylvania from Eldorado Resorts, Inc. ("ERI") for cash consideration of \$178.9 million (the "Presque Isle Transaction") and \$1.6 million of working capital and other purchase price adjustments.

On March 8, 2019, the Company assumed management and acquired certain assets related to the management of Lady Luck Nemaquin in Farmington, Pennsylvania, from ERI for cash consideration of \$100,000 (the "Lady Luck Nemaquin Transaction").

Acquisition of Certain Ownership Interests of Midwest Gaming Holdings, LLC

On March 5, 2019, the Company completed the acquisition of certain ownership interests of Midwest Gaming, the parent company of Rivers Des Plaines in Des Plaines, Illinois to acquire approximately 42% of Midwest Gaming from affiliates and co-investors of Clairvest Group Inc. ("Clairvest") and members of High Plains Gaming, LLC ("High Plains"), an affiliate of Rush Street Gaming, LLC and Casino Investors, LLC ("Casino Investors") for cash consideration of approximately \$406.6 million and \$3.5 million of certain transaction costs and working capital adjustments (the "Sale Transaction"). Following the closing of the Sale Transaction, the parties completed a recapitalization transaction on March 6, 2019 (the "Recapitalization"), pursuant to which Midwest Gaming used approximately \$300.0 million in proceeds from amended and extended credit facilities to redeem, on a pro rata basis, additional Midwest Gaming units held by High Plains and Casino Investors. As a result of the Recapitalization, the Company's ownership of Midwest Gaming increased to 61.3%. High Plains retained ownership of 36.0% of Midwest Gaming and Casino Investors retained ownership of 2.7% of Midwest Gaming.

We also recognized a \$103.2 million deferred tax liability and a corresponding increase in our investment in unconsolidated affiliates related to an entity we acquired in conjunction with our acquisition of the Clairvest ownership stake in Midwest Gaming.

Turfway Park Acquisition

The Company completed the acquisition of Turfway Park from Jack Entertainment LLC ("JACK") and Hard Rock International ("Hard Rock") on October 9, 2019 for total consideration of \$46.0 million in cash ("Turfway Park Acquisition"). Turfway Park is located on 197 acres in Florence, Kentucky. The Company has announced plans and has begun to invest up to \$150.0 million (including the Turfway Park Acquisition total consideration of \$46.0 million) in a state-of-the-art live and historical thoroughbred racing facility at Turfway Park.

Of the \$46.0 million total consideration, \$36.0 million, less \$0.9 million of working capital and purchase price adjustments, was accounted for as a business combination. The remaining \$10.0 million was paid to Hard Rock for the assignment of the purchase and sale agreement rights and was accounted for separately from the business combination as an intangible asset and was amortized through expense in the fourth quarter of 2019.

Key Indicators to Evaluate Business Results and Financial Condition

Our management monitors a variety of key indicators to evaluate our business results and financial condition. These indicators include changes in net revenue, operating expense, operating income, earnings per share, outstanding debt balance, operating cash flow and capital spend.

Our condensed consolidated financial statements have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP"). We also use non-GAAP measures, including EBITDA (earnings before interest, taxes, depreciation and amortization) and Adjusted EBITDA. We believe that the use of Adjusted EBITDA as a key performance measure of results of operations enables management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Our chief operating decision maker utilizes Adjusted EBITDA to evaluate segment

performance, develop strategy and allocate resources. Adjusted EBITDA is a supplemental measure of our performance that is not required by, or presented in accordance with, GAAP. Adjusted EBITDA should not be considered as an alternative to, or more meaningful than, net income (as determined in accordance with GAAP) as a measure of our operating results.

Adjusted EBITDA is defined as earnings before interest, taxes, depreciation and amortization, adjusted for the following:

Net (loss) income attributable to Churchill Downs Incorporated	(23.4)	11.6	(35.0)
Adjusted EBITDA	55.3	74.6	(19.3)

Three Months Ended March 31, 2020, Compared to Three Months Ended March 31, 2019

- Net revenue decreased \$12.5 million driven by a \$21.2 million decrease from Gaming due to the temporary closure of all Gaming properties due to the COVID-19 pandemic. Partially offsetting these decreases were a \$4.2 million increase from Online Wagering due to an increase in handle and active players, a \$2.5 million increase from Churchill Downs primarily due to Derby City Gaming's continued growth, and a \$2.0 million increase from All Other primarily due to a full quarter of results from the Turfway Park Acquisition.

- Operating (loss) income decreased \$39.6 million due to a \$21.0 million decrease from Gaming due to the temporary closure of all Gaming properties; a \$17.5 million non-cash impairment of the Presque Isle gaming rights and trademark intangible assets; a \$3.6 million decrease from All Other primarily due to the unfavorable results from a full quarter of operations at Turfway Park and lower totalisator equipment sales at United Tote; a \$0.8 million decrease from Online Wagering for costs associated with our online sports betting and iGaming operations; and a \$0.7 million decrease from Churchill Downs primarily due to the temporary suspension of simulcast operations at Churchill Downs Racetrack and temporary closure of Derby City Gaming. Partially offsetting these decreases were a \$3.2 million decrease in transaction expense from the first quarter 2019 closings of the Presque Isle and Lady Luck Nemaquin Transactions that did not recur in the current year quarter and a \$0.8 million decrease in selling, general and administrative expense related to salaries and related benefits.
- Net (loss) income from continuing operations decreased \$34.5 million. The following items impacted comparability of the Company's first quarter of 2020 net income from continuing operations compared to the prior year quarter: a \$12.0 million non-cash after-tax impact related to our impairment of the Presque Isle intangible assets and a \$7.6 million after-tax expense increase related to our equity portion of the non-cash change in fair value of Midwest Gaming's interest rate swaps. Partially offsetting these increases was a \$3.1 million after-tax decrease of our equity portion of Midwest Gaming's recapitalization and transaction costs in the first quarter of 2019 that did not recur in the current year quarter; a \$2.8 million non-cash tax impact related to the re-measurement of our net deferred tax liabilities in the first quarter of 2019 that did not recur in the current year quarter based on an increase in revenue related to states with higher tax rates; and a \$2.7 million after-tax decrease in expenses related to lower transaction, pre-opening and other expenses. Excluding these items, net income from continuing operations decreased \$23.5 million primarily due to a \$20.2 million after-tax decrease driven by the results of our operations and equity income from our unconsolidated affiliates and a \$3.3 million after-tax increase in interest expense associated with higher outstanding debt balances.
- Net (loss) income attributable to Churchill Downs Incorporated decreased \$35.0 million due to a \$34.5 million decrease in net income from continuing operations discussed above and a \$0.6 million increase in net loss from discontinued operations, partially offset by a \$0.1 million increase from our net loss attributable to our noncontrolling interest.
- Adjusted EBITDA decreased \$19.3 million driven by a \$15.8 million decrease from Gaming due to the temporary closure of all of our Gaming properties, a \$1.9 decrease from Online Wagering from increased marketing spend and costs associated with the continued build-out of our online sports betting and iGaming operations, partially offset by an increase at TwinSpires from increased handle and active players, and a \$2.1 million decrease from All Other due to lower totalisator equipment sales in the first quarter of 2020 compared to the prior year quarter for United Tote and unfavorable results from a full quarter of operations at Turfway Park. Partially offsetting these decreases was a \$0.5 million increase from our Churchill Downs segment primarily due to Derby City Gaming from continued growth of its business.

Credit Agreement

On December 27, 2017, we entered into the Credit Agreement (as defined below) with a syndicate of lenders. The Credit Agreement provides a \$700.0 million revolving credit facility (the "Revolver") and a \$400.0 million Senior Secured Term Loan B (the "Term Loan B" and together with the Revolver, the "Credit Agreement"). Included in the maximum borrowing of \$700.0 million under the Revolver is a letter of credit sub facility not to exceed \$50.0 million and a swing line commitment up to a maximum principal amount of \$50.0 million. The Credit Amendment is secured by substantially all of the wholly-owned assets of the Company.

The Revolver bears interest at LIBOR plus a spread as determined by the Company's consolidated total net leverage ratio and the Term Loan B bears interest at LIBOR plus 200 basis points.

The Credit Agreement contains certain customary affirmative and negative covenants, which include limitations on liens, investments, indebtedness, dispositions, mergers and acquisitions, the making of restricted payments, changes in the nature of business, changes in fiscal year, and transactions with affiliates. The Credit Agreement also contains financial covenants providing for the maintenance of a maximum consolidated secured net leverage ratio and maintenance of a minimum consolidated interest coverage ratio. The Company was in compliance with all applicable covenants in the Credit Agreement at March 31, 2020. At March 31, 2020, the financial ratios under our Credit Agreement were as follows:

	<u>Actual</u>	<u>Requirement</u>
Interest coverage ratio	4.8 to 1.0	> 2.5 to 1.0
Consolidated total secured net leverage ratio	2.3 to 1.0	< 4.0 to 1.0

The Term Loan B requires quarterly payments of 0.25% of the original \$400.0 million balance, or \$1.0 million per quarter. The Term Loan B may be subject to additional mandatory prepayment from excess cash flow on an annual basis per the provisions of the Credit Agreement. The Company is required to pay a commitment fee on the unused portion of the Revolver determined by a pricing grid based on the consolidated total net leverage ratio of the Company. For the period ended March 31, 2020, the Company's commitment fee rate was 0.20%.

As a result of the Company's Credit Agreement, the Company capitalized \$2.0 million of debt issuance costs associated with the Revolver which will be amortized as interest expense over 5 years. The Company also capitalized \$5.4 million of deferred financing costs associated with the Term Loan B which will be amortized as interest expense over 7 years.

On March 16, 2020, the Company entered into a First Amendment (the "First Amendment") to its Credit Agreement. The First Amendment extends the maturity for the Revolver to at least September 27, 2024, which is 91 days prior to the latest maturity date of the Company's term loan facility on December 27, 2024. Previously, the maturity date of the Revolver was December 27, 2022.

The interest rates applicable to the Company's borrowings under the Credit Agreement are LIBOR-based plus a spread, determined by the Company's consolidated total net leverage ratio. The First Amendment, among other things, lowers the upper limit of the applied spreads with respect to revolving loans from 2.25% to 1.75% and for commitment fees with respect thereto from 0.35% to 0.30%, and generally offers a reduced pricing schedule for outstanding borrowings and commitment fees with respect to the Revolver across all other leverage pricing levels. The interest rates applicable to borrowings under the facilities are LIBOR-based plus a spread, determined by the Company's consolidated total net leverage ratio. The First Amendment does not alter the Company's borrowing capacity.

The Company capitalized \$1.1 million of debt issuance costs associated with the First Amendment, which are amortized as interest expense over the remaining duration of the Credit Agreement.

On March 16, 2020, we borrowed \$675.4 million on our Revolver to provide the Company with additional financial flexibility, which provided the Company with \$700.9 million of cash and cash equivalents as of March 31, 2020. The Company was in compliance with all applicable covenants in the Credit Agreement at March 31, 2020.

On April 28, 2020, the Company entered into a Second Amendment to its Credit Agreement, which (i) provides for a financial covenant relief period through the date on which the Company delivers its quarterly financial statements and compliance certificate for the fiscal quarter ending June 30, 2021, subject to certain exceptions (the "Financial Covenant Relief Period"), (ii) amends the definition of "Consolidated EBITDA" in the Credit Agreement with respect to the calculation of Consolidated EBITDA for the first two fiscal quarters after the termination of the Financial Covenant Relief Period, (iii) extends certain deadlines and makes certain other amendments to the Company's financial reporting obligations, (iv) places certain restrictions

on restricted payments during the Financial Covenant Relief Period, and (v) amends the definitions of "Material Adverse Effect" and "License Revocation" in the Credit Agreement to take into consideration COVID-19.

During the Financial Covenant Relief Period, the Company will not be required to comply with its existing consolidated total secured net leverage ratio financial covenant and the interest coverage ratio financial covenant. The Company has agreed to a minimum liquidity financial covenant that requires the Company and its restricted subsidiaries to maintain liquidity of at least \$150.0 million during the Financial Covenant Relief Period.

The 2028 Senior Notes were issued pursuant to an indenture, dated December 27, 2017 (the "2028 Indenture"), among the Company, certain subsidiaries of the Company as guarantors (the "Guarantors"), and U.S. Bank National Association, as trustee. The Company may redeem some or all of the 2028 Senior Notes at any time prior to January 15, 2023, at a price equal to 100% of the principal amount of the 2028 Senior Notes redeemed plus an applicable make-whole premium. On or after such date the Company may redeem some or all of the 2028 Senior Notes at redemption prices set forth in the 2028 Indenture. In addition, at any time prior to January 15, 2021, the Company may redeem up to 40% of the aggregate principal amount of the 2028 Senior Notes at a redemption price equal to 104.75% of the principal amount thereof with the net cash proceeds of one or more equity offerings provided that certain conditions are met. The terms of the 2028 Indenture, among other things, limit the ability of the Company to: (i) incur additional debt and issue preferred stock; (ii) pay dividends or make other restricted payments; (iii) make certain investments; (iv) create liens; (v) allow restrictions on the ability of certain of our subsidiaries to pay dividends or make other payments; (vi) sell assets; (vii) merge or consolidate with other entities; and (viii) and enter into transactions with affiliates.

In connection with the issuance of the 2028 Senior Notes, the Company and the Guarantors entered into a Registration Rights Agreement to register any 2028 Senior Notes under the Securities Act for resale that are not freely tradable 366 days from December 27, 2017.

As of March 31, 2020, we had approximately \$1.8 million of tax liabilities related to unrecognized tax benefits.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to market risks arising from adverse changes in:

- general economic trends; and
- interest rate and credit risk.

General economic trends

Our business is sensitive to consumer confidence and reductions in consumers' discretionary spending, which may result from challenging economic conditions, unemployment levels and other changes in the economy, including the impact of the COVID-19 pandemic. The pandemic has resulted in and is expected to continue to result in significant disruptions in economic activity and financial markets. Demand for entertainment and leisure activities is sensitive to consumers' disposable incomes, which can be adversely affected by economic conditions and unemployment levels. This could result in fewer patrons visiting our racetracks, gaming and wagering facilities, our online wagering sites and/or may impact our customers' ability to wager with the same frequency and to maintain wagering levels.

Interest rate and credit risk

Our primary exposure to market risk relates to changes in interest rates. At March 31, 2020, we had \$1,079.4 million outstanding under our Credit Agreement, which bears interest at variable rates. We are exposed to market risk on variable rate debt due to potential adverse changes in these rates. Assuming the outstanding balance of the debt facility remains constant, a one-percentage point increase in our variable rate would reduce net income and cash flows from operating activities by \$7.1 million.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our reports that we file under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures.

As required by the Securities and Exchange Commission Rule 13a-15(e), we carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of March 31, 2020. Based upon the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

There has been no change in our internal controls over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. Our process for evaluating controls and procedures is continuous and encompasses constant improvement of the design and effectiveness of established controls and procedures.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The following descriptions include updates and additions since the filing of our Annual Report on Form 10-K for the year ended December 31, 2019, relating to the proceedings involving the Company. In addition to the matters described below, we are also involved in ordinary routine litigation matters which are incidental to our business. Refer to Note 16, Contingencies, to our condensed consolidated financial statements, for further information.

Kater Class Action Suit

On April 17, 2015, a purported class action styled Cheryl Kater v. Churchill Downs Incorporated (the "Kater litigation") was filed in the United States District Court for the Western District of Washington (the "Washington District Court") alleging, among other claims, that the Company's "Big Fish Casino" operated by the Company's then-wholly owned mobile gaming subsidiary Big Fish Games, Inc. ("Big Fish Games") violated Washington law, including the Washington Consumer Protection Act, by facilitating unlawful gambling through its virtual casino games (namely the slots, blackjack, poker, and roulette games offered through Big Fish Casino), and seeking, among other things, return of monies lost, reasonable attorney's fees, treble damages, and injunctive relief. On November 19, 2015, the Washington District Court dismissed the case with prejudice and, on December 7, 2015, the plaintiff's motion for reconsideration was denied. The plaintiff filed a notice of appeal on January 5, 2016 to the United States Court of Appeals for the Ninth Circuit.

As previously disclosed, on January 9, 2018, the Company sold Big Fish Games to Aristocrat Technologies, Inc., a Nevada corporation ("Purchaser"), an indirect, wholly owned subsidiary of Aristocrat Leisure Limited, an Australian corporation, pursuant to the Stock Purchase Agreement, dated as of November 29, 2017, by and among the Company, Big Fish Games and the Purchaser. Pursuant to the terms of the Stock Purchase Agreement, the Company agreed to indemnify the Purchaser for the losses and expenses associated with the Kater litigation for Big Fish Games, which is referred to in the Stock Purchase Agreement as the "Primary Specified Litigation."

On March 28, 2018, the United States Court of Appeals for the Ninth Circuit reversed and remanded the Washington District Court's dismissal of the complaint against the Company. On June 12, 2018, the United States Court of Appeals for the Ninth Circuit denied the Company's petition for rehearing en banc filed by the Company on May 11, 2018. On July 20, 2018, the Company filed a motion to compel arbitration in the Washington District Court, which was denied on November 2, 2018.

The complaint was amended on March 20, 2019, to add Big Fish Games as a party and to assert claims on behalf of an additional plaintiff, Suzie Kelly. On May 10, 2019, the Company filed an answer as to the claims asserted by plaintiff Kater, and joined Big Fish Games in moving to compel arbitration as to all claims asserted by plaintiff Kelly. Big Fish Games also moved to compel arbitration against plaintiff Kater. On June 13, 2019, defendants moved to stay discovery pending resolution of the motion to compel arbitration. On August 21, 2019, the Washington District Court partially granted the motion and stayed discovery pending a ruling on the motions to compel arbitration against plaintiffs Kater and Kelly, except as to discovery requests plaintiff Kater served on the Company before amending the complaint. On September 12, 2019, the Washington District Court ordered that the case would be stayed entirely (except for the aforementioned discovery requests), pending the United States Court of Appeals for the Ninth Circuit's ruling on arbitration issues raised in other cases which may be relevant to the arguments raised in the pending motions to compel arbitration.

After the case was stayed, a dispute arose regarding communication between Big Fish Games and its users related to revised terms of use. On November 19, 2019, the District Court granted plaintiffs' motion relating to the communications pursuant to Federal Rule of Civil Procedure 23(d), and on December 19, 2019, the District Court approved a revised communication proposed by defendants. On February 20, 2020, while the case was stayed, and before completing discovery and before resolution of motions to compel arbitration, plaintiffs filed a motion with the District Court to certify a class for injunctive relief only and for a preliminary injunction prohibiting the sale of virtual casino chips or coins or other virtual tokens or credits from within Washington or to individuals located in Washington. The District Court denied that motion without prejudice orally on March 4, 2020. On April 10, 2020, the Company joined Big Fish Games in renewing its motion to compel arbitration in the Washington District Court as to all claims asserted by plaintiff Kelly, and Big Fish Games also renewed its motion to compel arbitration against plaintiff Kater in the Washington District Court on April 10, 2020. In accordance with the terms of the Stock Purchase Agreement, the Company is working closely with the Purchaser to vigorously defend this matter in both the Washington District Court and in any further appellate proceedings, and the Company believes that there are meritorious legal and factual defenses against the plaintiffs' allegations and requests for relief.

Thimmegowda Class Action Suit

On February 11, 2019, a purported class action styled *Manasa Thimmegowda v. Big Fish Games, Purchaser, Aristocrat Leisure Limited, and the Company*, was filed in the Washington District Court alleging, among other claims, that "Big Fish Casino," which is operated by Big Fish Games, violated Washington law, including the Washington Consumer Protection Act, and seeking, among other things, return of monies lost, reasonable attorney's fees, injunctive relief, and treble and punitive damages. On May 10, 2019, all of the defendants moved to compel arbitration of the claims, and the Company, the Purchaser and Aristocrat Leisure Limited also moved to dismiss the action for lack of personal jurisdiction. On June 13, 2019, defendants moved to stay discovery pending resolution of those motions. On September 12, 2019, the Washington District Court ordered that the case would be stayed entirely, pending the United States Court of Appeals for the Ninth Circuit's ruling on arbitration issues raised in other cases which may be relevant to the arguments raised in the pending motion to compel arbitration.

After the case was stayed, a dispute arose regarding communication between Big Fish Games and its users related to revised terms of use. On November 19, 2019, the District Court granted plaintiffs' motion relating to the communications pursuant to Federal Rule of Civil Procedure 23(d), and on December 19, 2019, the District Court approved a revised communication proposed by defendants. On February 20, 2020, while the case was stayed, and before completing discovery and before resolution of motions to compel arbitration, plaintiffs filed a motion with the District Court to certify a class for injunctive relief only and for a preliminary injunction prohibiting the sale of virtual casino chips or coins or other virtual tokens or credits from within Washington or to individuals located in Washington. The District Court denied that motion without prejudice orally on March 4, 2020. On April 10, 2020, the defendants filed renewed motions to compel arbitration and the Company filed a renewed motion to dismiss asserting lack of personal jurisdiction. The Company is working to vigorously defend this matter, and believes that there are meritorious legal and factual defenses against plaintiff's allegations and requests for relief.

Kentucky Downs, LLC, et al. v. Commonwealth of Kentucky, Public Protection Cabinet, Kentucky Horse Racing Commission, et al.

On January 4, 2019, Kentucky Downs, LLC and Kentucky Racing Acquisition, LLC (collectively, "Petitioners") filed a Petition for Review and Appeal of Approval of WKY Development, LLC License Application and Denial of Kentucky Downs, LLC License Application styled *Kentucky Downs, LLC, et al. v. Commonwealth of Kentucky, Public Protection Cabinet, Kentucky Horse Racing Commission, et al.* in the Franklin Circuit Court, Commonwealth of Kentucky. Petitioners are appealing the vote of the Kentucky Horse Racing Commission, which awarded WKY Development, LLC, our joint venture with Keeneland, a license to conduct live racing and pari-mutuel wagering in Christian County, Kentucky and denied Petitioners' application for a license to conduct live racing and pari-mutuel wagering in Christian County, Kentucky. WKY Development, LLC is a joint venture owned 95% by the Company and 5% by Keeneland. In late 2019, the parties submitted briefs on threshold legal issues per a directive from the Franklin County Court and, thereafter, on February 27, 2020, Petitioners filed a voluntary motion to dismiss their appeal with prejudice. The Court granted that motion and dismissed the appeal with prejudice on April 8, 2020.

Louisiana Horsemen's Purses Class Action Suit

On April 21, 2014, John L. Soileau and other individuals filed a Petition for Declaratory Judgment, Permanent Injunction, and Damages-Class Action styled *John L. Soileau, et. al. versus Churchill Downs Louisiana Horseracing, LLC, Churchill Downs Louisiana Video Poker Company, LLC (Suit No. 14-3873)* in the Parish of Orleans Civil District Court, State of Louisiana (the "District Court"). The petition defined the "alleged plaintiff class" as quarter horse owners, trainers and jockeys that have won purses at the "Fair Grounds Race Course & Slots" facility in New Orleans, Louisiana since the first effective date of La. R.S. 27:438 and specifically since 2008. The petition alleged that Churchill Downs Louisiana Horseracing, LLC and Churchill Downs Louisiana Video Poker Company, LLC ("Fair Grounds Defendants") have collected certain monies through video draw poker devices that constitute monies earned for purse supplements and all of those supplemental purse monies have been paid to thoroughbred horsemen during Fair Grounds' live thoroughbred horse meets. La. R.S. 27:438 requires a portion of those supplemental purse monies to be paid to quarter-horse horsemen during Fair Grounds' live quarter-horse meets. The petition requested that the District Court declare that Fair Grounds Defendants violated La. R.S. 27:438, issue a permanent and mandatory injunction ordering Fair Grounds Defendants to pay all future supplements due to the plaintiff class pursuant to La. R.S. 27:438, and to pay the plaintiff class such sums as it finds to reasonably represent the value of the sums due to the plaintiff class. On August 14, 2014, the plaintiffs filed an amendment to their petition naming the Horsemen's Benevolent and Protective Association 1993, Inc. ("HBPA") as an additional defendant and alleging that HBPA is also liable to plaintiffs for the disputed purse funds. On October 9, 2014, HBPA and Fair Grounds Defendants filed exceptions to the suit, including an exception of primary jurisdiction seeking referral to the Louisiana Racing Commission. By Judgment dated November 21, 2014, the District Court granted the exception of primary jurisdiction and referred the matter to the Louisiana Racing Commission. On January 26, 2015, the Louisiana Fourth Circuit Court of Appeals denied the plaintiffs' request for supervisory review of the Judgment. On August 24, 2015, the Louisiana Racing Commission ruled that the plaintiffs did not have standing or a right of action to pursue the case. The plaintiffs appealed this decision to the District Court, which affirmed the Louisiana Racing Commission's ruling. The plaintiffs filed an appeal of the District Court's decision with the Louisiana Fourth Circuit

Court of Appeals, which reversed the Louisiana Racing Commission's ruling and remanded the matter to the Louisiana Racing Commission for further proceedings on June 13, 2018. The Louisiana Fourth Circuit Court of Appeals denied the Fair Grounds Defendants' Motion for Rehearing on July 12, 2018 and the Louisiana Supreme Court denied the Fair Grounds Defendants' Writ of Certiorari seeking review of that decision on November 14, 2018. The parties had previously attempted to mediate the matter in October 2018, but were unsuccessful. Thereafter, the parties resumed informal settlement discussions, and, as a result, the Company established an accrual for an immaterial amount in the third quarter of 2019. The parties submitted a settlement agreement to the District Court on February 14, 2020, following the Louisiana Racing Commission's approval to transfer the matter to the District Court for approval and administration of the settlement agreement on February 12, 2020. At a hearing on February 18, 2020, the District Court granted preliminary approval of the settlement agreement and set certain deadlines relating to actions to be taken by class members. A fairness hearing with the District Court relating to the terms of the settlement agreement was set for April 27, 2020, but has been postponed as a result of court closures due to the COVID-19 pandemic. The settlement agreement requires, among other items, the Fair Grounds Defendants to (i) pay a certain out-of-pocket amount that is within the amount for which we established an accrual in the third quarter of 2019, and (ii) support legislation that would allocate a specified amount of video poker purse funds to quarter horse purses for races at Fair Grounds with maximum annual payout caps that are not deemed material. The settlement includes a release of claims against the Fair Grounds Defendants in connection with the proceeding, although individual plaintiffs may opt-out. If there are opt-out claims in excess of \$50,000, the settlement will be voided, unless the parties agree to stipulate otherwise. The settlement agreement is subject to certain conditions, including court approval and the passage of certain legislation.

ITEM 1A. RISK FACTORS

The following description include an addition to our risk factors and an update to a risk factor previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2019.

The current novel coronavirus (COVID-19) pandemic has adversely affected, and could continue to adversely affect our business, financial condition and financial results. Other major public health issues could adversely affect our business, financial condition and financial results in the future

In recent months, a new strain of coronavirus (COVID-19) has spread to many countries in the world, including the United States, and the outbreak has been declared a pandemic by the World Health Organization. The U.S. Secretary of Health and Human Services has also declared a public health emergency in the United States in response to the outbreak. Considerable uncertainty still surrounds the COVID-19 virus and its potential effects, and the extent of and effectiveness of responses taken on international, national and local levels. However, measures taken to limit the impact of COVID-19, including shelter-in-place orders, social distancing measures, travel bans and restrictions, and business and government shutdowns, have already resulted in significant negative economic impacts in the United States and in relation to our business. The long-term impact of COVID-19 on the United States and world economies remains uncertain, the duration and scope of which cannot currently be predicted.

Our operating results depend, in large part, on revenues derived from customers visiting our casinos and racetracks. In March 2020, we announced the temporary closure of all of our wholly-owned gaming properties, certain wholly-owned racing operations, and the two casino properties related to our equity investments. Starting in mid-February, U.S. and international sporting events were cancelled, which reduced our sports betting options for our customers. Horse racing content for wagering on TwinSpires also decreased, although handle increased as our customers wagered more on the content that was available.

COVID-19 could result in continuing suspensions of operations at our casino and racetrack properties, and we cannot predict how soon our casino and racetrack properties will be able to return to customary operations. Our ability to return to our customary operations will depend, in part, on the actions of a number of governmental bodies over which we have no control. Once restrictions are lifted, it is unclear how quickly customers will return to our casinos and racetracks, which may be a function of continued concerns over safety and decreased consumer spending due to economic conditions, including job losses.

We have temporarily furloughed certain employees and implemented a Company-wide decrease in base salary for non-furloughed salaried employees. The Company continues to provide health, dental, vision and life insurance benefits to furloughed employees at our wholly-owned properties. We cannot predict such employees' willingness to remain with the Company during such furlough or salary reduction until our regular operations are restored. These actions could prevent us from engaging in certain initiatives to improve the performance of our business, due to an insufficiency of workforce size or an insufficiency of certain required skills, and could prevent us from executing initiatives effectively, which could have an adverse effect on our financial results, business and prospects.

Our non-furloughed employees are primarily working from remote/work-at-home locations. An extended period of remote work arrangements could strain our business continuity plans, introduce operational risk (including but not limited to cybersecurity risks) and may impair our ability to manage our business. We also outsource certain business activities to third

parties. As a result, we rely upon the successful implementation and execution of the business continuity planning of such entities in the current environment. While we seek to monitor the business continuity activities of these third parties, successful implementation and execution of their business continuity strategies are largely outside our control. If one or more of the third parties to whom we outsource certain business activities experience operational failures or business disruption as a result of the impacts from the spread of COVID-19, or claim that they cannot perform, it may have negative effects on our business and financial condition.

Our liquidity and financial position could be negatively impacted if the current economic and workforce conditions continue for a significant period of time. In March 2020, we borrowed \$675.4 million under our revolving credit facility pursuant to our Credit Agreement, in order to provide us with additional liquidity and financial flexibility. In April 2020, we entered into a Second Amendment to our Credit Agreement which, among other things, provides for a financial covenant relief period through the date on which we deliver our quarterly financial statements and compliance certificate for the fiscal quarter ending June 30, 2021, subject to certain exceptions. However, there can be no assurance that our current cash from operations, the funds drawn from our revolver and other potential sources of cash will be sufficient for our operating needs and our capital projects. In such event, we may need to take further actions, including further cost-cutting, reductions in capital expenditures and other cost-saving measures.

We are currently following the recommendations of local and federal health authorities to minimize exposure risk for our various stakeholders, including employees. The full extent of the impact of COVID-19 on our business and operating results will depend on future developments that are highly uncertain and cannot be accurately predicted, including new information that may emerge concerning COVID-19 and the actions required to contain COVID-19, the duration and spread of COVID-19 within the markets in which we operate, mandates and directives from federal, state and local authorities, the effect of COVID-19 on consumer confidence and spending and our ability to maintain a sufficient workforce. Further, if we do not respond appropriately to the pandemic, or if state and local authorities or customers do not perceive our response to be adequate, we could suffer damage to our reputation and our brand, which could adversely affect our business in the future.

The COVID-19 pandemic may also have the effect of heightening many of the other risks described in Part I, Item 1A, Risk Factors, of our 2019 Annual Report on Form 10-K.

Our business is subject to online security risk, including cyber-security breaches. Loss or misuse of our stored information as a result of such a breach, including customers' personal information, could lead to government enforcement actions or other litigation, potential liability, or otherwise harm our business

We receive, process, store and use personal information and other customer and employee data by maintaining and transmitting customers' personal and financial information, credit card settlements, credit card funds transmissions, mailing lists and reservations information. Our collection of such data is subject to extensive regulation by private groups, such as the payment card industry, as well as governmental authorities, including gaming authorities.

There are numerous federal, state and local laws regarding privacy and the storing, sharing, use, processing, disclosure and protection of personal information and other data, and such privacy laws and regulations continue to evolve. Many states have passed laws requiring notification to customers when there is a security breach for personal data, such as the 2002 amendment to California's Information Practices Act, or requiring the adoption of minimum information security standards that are often vaguely defined and difficult to implement. California has adopted the California Consumer Privacy Act of 2018 (the "CCPA"), which went into effect on January 1, 2020, providing California consumers greater control of the information collected, stored, and sold, and other states are considering similar legislation. The CCPA provides a private right of action (in addition to statutory damages) for California residents whose sensitive personal information was breached as a result of a business's violation of its duty to reasonably secure such information. The costs of compliance with these laws may increase as a result of changes in interpretation or changes in law. Any failure on our part to comply with these laws or our privacy policies may subject us to significant liabilities, including governmental enforcement actions or litigation.

The systems and processes that are designed to protect customer information and prevent data loss and other security breaches, including the systems and processes of third-party vendors that are designed to reduce the impact of a security breach at those vendors, may not be successful. For example, on March 27, 2020, SBTech, our third party sports betting and i-Gaming platform provider, temporarily disabled our BetAmerica websites in response to a cyberattack on SBTech's servers. SBTech has since advised the Company that it has no reason to believe our customers' data was accessed or exfiltrated, and the BetAmerica websites were back in normal operations on April 17, 2020. Although we do not anticipate any material impact on the Company as a result of this cyberattack, similar attacks may occur in the future. Interruptions in our services or a breach of a customer's secure data could cause current or potential users to believe that our systems are unreliable, which could permanently harm our reputation and brand. These interruptions could also increase the burden on our engineering staff, which, in turn, could delay our introduction of new features and services on our websites and in our casinos. Such incidents could give rise to litigation or

investigations, remediation costs, monetary fines and other penalties, which could be significant. We attempt to protect against this risk with our property and business interruption insurance, which is designed to cover damage to or interruption of our systems, although there is no assurance that such insurance will be adequate to cover all potential losses.

Third-parties we work with, such as vendors, may violate applicable laws or our privacy policies, and such violations may also put our customers' information at risk and could in turn have an adverse impact on our business. We are also subject to payment card association rules and obligations under each association's contracts with payment card processors. Under these rules and obligations, if information is compromised, we could be liable to payment card issuers for the associated expense and penalties. If we fail to follow payment card industry security standards, even if no customer information is compromised, we could incur significant fines or experience a significant increase in payment card transaction costs.

Security breaches, computer malware and computer hacking attacks have become more prevalent in our industry, and hackers and data thieves are increasingly sophisticated and operate large-scale and complex automated attacks. Many companies, including ours, have been the targets of such attacks. Due to the COVID-19 pandemic, many of our employees are primarily working from remote/work-at-home locations, which many introduce heightened cybersecurity risks in our business. Any security breach caused by hacking which involves efforts to gain unauthorized access to information or systems, or to cause intentional malfunctions or loss or corruption of data, software, hardware or other computer equipment, and the inadvertent transmission of computer viruses could harm our business. Though it is difficult to determine what harm may directly result from any specific interruption or breach, any failure to maintain performance, reliability, security and availability of our network infrastructure to the satisfaction of our players may harm our reputation and our ability to retain existing players and attract new players.

The costs to eliminate or address the foregoing security threats and vulnerabilities before or after a cyber-incident could be significant. Our remediation efforts may not be successful and could result in interruptions, delays or cessation of service, and loss of existing or potential suppliers or customers. As threats related to cyber-attacks develop and grow, we may also find it necessary to make further investments to protect our data and infrastructure, which may impact our results of operations. We have insurance coverage for protection against cyber-attacks, which is designed to cover expenses around notification, credit monitoring, investigation, crisis management, public relations, and legal advice. This insurance coverage may not be sufficient to cover all possible claims, and we could suffer losses that could have a material adverse effect on our business.

Because the techniques used to obtain unauthorized access, disable or degrade service, or sabotage systems, change frequently and often are not recognized until launched against a target, we may be unable to anticipate these techniques or to implement adequate preventative measures.

**DESCRIPTION OF THE REGISTRANT'S
SECURITIES REGISTERED PURSUANT TO
SECTION 12 OF THE SECURITIES EXCHANGE
ACT OF 1934**

Churchill Downs Incorporated (the "Corporation") has one class of its securities registered under Section 12 of the Securities Exchange Act of 1934, as amended: our common stock. Our common stock is listed on The Nasdaq Stock Market LLC under the symbol "CHDN."

The following summary of the terms of our capital stock is based upon our Amended and Restated Articles of Incorporation (the "Articles of Incorporation") and our Amended and Restated Bylaws (the "Bylaws"). The summary is a description of the material terms of, and is qualified in its entirety by, our Articles of Incorporation and our Bylaws, each of which is provided as an exhibit to our 2019 Annual Report on Form 10-K and is incorporated herein by reference. We encourage you to read our Articles of Incorporation and our Bylaws for additional information. Please also refer to the applicable provisions of the Kentucky Business Corporation Act ("KBCA") for additional information.

Authorized Capital Shares

Our authorized capital stock consists of 150,000,000 shares of common stock, no par value, and 250,000 shares of preferred stock, no par value, 50,000 of which have been designated as Series A Junior Participating Preferred Stock. All outstanding shares of common stock are fully paid and non-assessable. No shares of preferred stock are outstanding.

Rights of Holders of Common Stock

Holders of our common stock are entitled:

- to cast one vote for each share of common stock standing in their name on the books of the Corporation on all matters which require their vote;
- to receive dividends, if any, on a pro rata basis, that the Board of Directors may declare out of legally available funds, subject to preferences that may be applicable to any preferred stock then outstanding; and
- upon our liquidation, dissolution, or winding up, to share ratably in any assets remaining after the payment of all debt and other liabilities, subject to any prior rights of holders of any outstanding shares of preferred stock.

All actions to be taken by our shareholders other than the election of directors will be approved if the votes cast favoring the action exceed the votes cast opposing the action at a meeting of shareholders at which a quorum is present. Directors are elected by a plurality of votes cast by our shares of common stock entitled to vote in the election of directors at a meeting of shareholders at which a quorum is present. A "plurality" means that the individuals with the largest number of votes are elected as directors up to the maximum number of directors to be chosen at the election.

The holders of our common stock do not have any preemptive, cumulative voting, subscription, conversion, redemption, or sinking fund rights. The rights and preferences of the holders of common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate and issue in the future.

Anti-Takeover Effects of Our Articles of Incorporation and Bylaws and Certain Provisions of Kentucky Law

The provisions of our Articles of Incorporation and Bylaws and of the KBCA, summarized in the preceding and following paragraphs, may have an anti-takeover effect and could impact the following transactions: acquisition by means of a tender offer and acquisition by means of a proxy contest or otherwise. It is possible that these provisions could make it more difficult to complete or could deter, delay, or prevent transactions that shareholders may otherwise consider to be in their best interest or in the best interests of the Corporation, including transactions that might result in a premium over the market price for shares of our common stock.

Preferred Stock

Because the Board of Directors has the power to establish the rights, preferences and limitations of the shares of any series of preferred stock, it may afford holders of any preferred stock rights and preferences, including voting and dividend rights, senior to the rights of holders of our common stock, which could adversely affect the holders of the common stock and could delay, discourage, or prevent a takeover of us even if a change of control of the Corporation would be beneficial to the interests of our shareholders.

Board of Directors.

Our Articles of Incorporation provide that our Board of Directors is divided into three classes, with each class consisting, as nearly as possible, of one-third of the total number of directors constituting the entire Board of Directors. Each class will generally serve for a term of three years with only one class of directors being elected each year. At any given annual meeting of shareholders, only a portion of our Board of Directors may be considered for election. Our Articles of Incorporation also provide that any vacancies in the Board of Directors (other than a vacancy that results from an increase in the number of directors) may be filled by a majority of the directors then in office, although less than a quorum, or by the sole remaining director. Any vacancy that results from an increase in the number of directors may be filled by a majority of the Board of Directors then in office. The classified nature of our Board of Directors could have the interim effect of delaying or discouraging an acquisition of us or a change in our Board of Directors or management.

Additionally, our Articles of Incorporation provide that the provisions in such Articles of Incorporation addressing the Board of Directors may only be amended by the affirmative vote of shareholders holding at least eighty percent (80%) of the votes entitled to be cast by the holders of all then-outstanding shares of voting stock of the Corporation, voting together as a single class (unless such action has been previously approved by a three-fourths (3/4) vote of the full Board of Directors).

Special Meetings of Shareholders.

Our Articles of Incorporation provide that a special meeting of shareholders may be called only by our Board of Directors or the shareholders holding at least sixty-six and two-thirds percent (66 2/3%) of all shares entitled to cast votes on any issue proposed to be considered at the proposed special meeting, upon such holders signing and delivering to our Secretary a written demand for the meeting, which demand must include a description of the purpose for which the meeting is to be held.

Removal of Directors.

Our Articles of Incorporation provide that directors may be removed without cause by shareholders upon the affirmative vote of eighty percent (80%) of the votes entitled to be cast by the holders of all then-outstanding shares of voting stock of the Corporation, voting together as a single class.

Shareholder Advance Notice Procedure.

Our Bylaws establish advance notice procedures for shareholders to make nominations of candidates for election as directors or to bring other business before an annual meeting of our shareholders. The Bylaws

provide that any shareholder wishing to nominate persons for election as directors at, or bring other business before, an annual meeting must deliver to our Secretary a written notice of the shareholder's intention to do so within the deadlines specified in our Bylaws. These provisions may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed. We expect that these provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of the Corporation.

Section 271B.12 of the KBCA

We are governed by Section 271B.12 of the KBCA. Section 271B.12-210, with specified exceptions, prohibits a Kentucky corporation from engaging in any business combination with any interested shareholder (generally defined as a beneficial owner of 10% or more of the voting power of the corporation's outstanding voting shares), for a period of five years following the time that the shareholder became an interested shareholder, unless a majority of the independent members of the board of directors of the corporation approved such business combination prior to such date on which the interested shareholder became an interested shareholder. In addition, the KBCA requires that, absent an exemption, certain business combinations by a corporation or a subsidiary with an interested shareholder must either be approved by a majority of the independent members of the board of directors of the corporation or by the affirmative vote of at least (i) eighty percent (80%) of the votes entitled to be cast by the corporation's voting stock and (ii) sixty-six and two-thirds percent (66 2/3%) of the votes entitled to be cast by holders of such voting stock other than voting stock owned by the interested shareholder, its affiliates and associates.
