Churchill Downs Incorporated (“CDI”) and its properties are committed to being environmental stewards in the places where we conduct business. CDI seeks to conduct business in compliance with all applicable federal, state, and local laws and regulations regarding the environment and water. As a part of our commitment to the environment and water, we work with all relevant authorities and organizations to address any environmental or water issues at or around our facilities. CDI will promptly investigate any reports of potential or actual environmental or water violations.

CDI strives to monitor and reduce its impact on the environment where commercially reasonable.

Our executive management team, including the CEO, is responsible for CDI’s environmental and water management strategies and performance as well as providing regular updates to the Board of Directors.
